WRITTEN SUBMISSION

RE: Application of Closure of Undeveloped Road Allowance adjacent to Boundary of NW 11-20-01 W5M by Alan Burnell

Public Hearing: November 18, 2026 at 11AM
Name: Carol Schuler
Mailing Address: [redacted]
E-mail Address: [redacted]

I will be unable to attend the public hearing in person, but I wanted to submit this letter to voice my dismay at the possible closure of the road allowance adjacent to the boundary of NW 11-20-01 W5M. The road allowance has allowed public access to all people for years to walk or ride their horses up along the ridge from 402 Ave W to 434 Ave W and enjoy the area and scenery and peace in our area. I enjoy the ability to utilise this pathway to exercise my horses in the area we live in and pay taxes in as a nice change from going along the roads where footing isn't as soft and where traffic goes by you. There are very few areas that can be accessed for this use around here that is why it would be an even bigger shame to be blocked access to this road allowance. I know that there are quite a few people using this road allowance for leisure outdoor activity (plenty of hoof prints are visible, etc.)

I also wanted to get clarification on conflicting wording in the letter sent out October 28, 2026 where it was stated that there is an application for **closure** of the road allowance, but also that **access will not be denied**. Which is it?

I really do feel like 4 acres of land in addition to the already farmed area is relatively small in comparison what would be lost by the rest of us enjoying the use of the pathway. There are also parts along that boundary which are treed and marshy, so the useful farm area would even be less than that.

Thank you for considering this input and concern with the rest presented. I honestly would like to officially oppose the application.

Sincerely,
Carol Schuler
