CHARTERED ACCOUNTANTS

INDEPENDENT AUDITORS' REPORT

To: The Reeve and Council of the Municipal District of Foothills No. 31

We have audited the accompanying consolidated financial statements of the Municipal District of Foothills No. 31 which comprise the consolidated statement of financial position as at December 31, 2012, and the consolidated statements of operations, change in net financial debt and cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Municipal District of Foothills No. 31 as at December 31, 2012 and the results of its operations, changes in its net financial debt, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

MANAGEMENT REPORT

The consolidated financial statements are the responsibility of the management of the Municipal District of Foothills No. 31.

These consolidated financial statements have been prepared from information provided by management. Financial statements are not precise since they include certain amounts based on estimates and judgments. Management has determined such amounts on a reasonable basis in order to ensure that the financial statements are presented fairly, in all material respects.

The Municipal District maintains systems of internal accounting and administrative controls that are designed to provide reasonable assurance that the financial information is relevant, reliable and accurate and that the Municipal District's assets are properly accounted for and adequately safeguarded.

The elected Council of the Municipal District of Foothills No. 31 is responsible for ensuring that management fulfils its responsibilities for financial statements. Council carries out its responsibility principally through the Audit committee.

The Council meets annually with management and the external auditors to discuss internal controls over the financial reporting process, auditing matters and financial reporting issues, and to satisfy itself that each party is properly discharging its responsibilities. Council also considers the engagement or reappointment of the external auditors. Council reviews the monthly financial reports.

The consolidated financial statements have been audited by Young Parkyn McNab LLP, Chartered Accountants, the external auditors, in accordance with Canadian generally accepted auditing standards on behalf of the Council, residents and ratepayers of the Municipal District. Young Parkyn McNab LLP has full and free access to the Council.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended December 31, 2012

1. Significant accounting policies

The consolidated financial statements of the Municipal District of Foothills No. 31 are the representations of management prepared in accordance with generally accepted accounting principles for local government established by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants. Significant aspects of the accounting policies adopted by the Municipal District are as follows:

(a) Reporting entity

The consolidated financial statements reflect the assets, liabilities, revenue and expenditures, changes in fund balances and change in financial position of the reporting entity which comprises all of the organizations that are owned or controlled by the Municipal District and are, therefore, accountable to the Council for the administration of their financial affairs and resources.

Taxes levied also includes requisitions for educational, health care, social and other external organizations that are not part of the municipal reporting entity.

The statements exclude trust assets that are administered for the benefit of external parties. Interdepartmental and organizational transactions and balances are eliminated.

(b) Basis of accounting

The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting records revenue as it is earned and measurable. Expenses are recognized as they are incurred and measurable based upon receipt of goods or services and/or the legal obligation to pay.

Funds from external parties and earnings thereon restricted by agreement or legislation are accounted for as deferred revenue until used for the purpose specified.

Government transfers, contributions and other amounts are received from third parties pursuant to legislation, regulation or agreement and may only be used for certain programs, in the completion of specific work, or for the purchase of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred, services performed or the tangible capital assets are acquired.

(c) Land held for resale

Land held for resale is recorded at the lower of cost and net realizable value. Cost includes costs for land acquisition and improvements required to prepare the land for servicing such as clearing, stripping, and leveling charges. Related development costs incurred to provide infrastructure such as water and waste water services, roads, sidewalks, and street lighting are recorded as physical assets under their respective function.

(d) Investments

Investments are recorded at amortized cost. When there has been a loss in value that is other than a temporary decline, the investment is written down to recognize the loss.

MUNICIPAL DISTRICT OF FOOTHILLS NO. 31 NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended December 31, 2012

1. Significant accounting policies, continued

(e) Debt charges recoverable

Debt charges recoverable consist of amounts that are recoverable from municipal agencies or other local governments with respect to outstanding debentures or other long-term debt pursuant to annexation orders or joint capital undertakings. These recoveries are recorded at a value that equals the offsetting portion of the unmatured long-term debt, less actuarial requirements for the retirement of any sinking fund debentures.

(f) Government transfers

Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or the result of a direct financial return.

Government transfers are recognized in the financial statements as revenue in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be determined.

(g) Requisition over-levy and under-levy

Over-levies and under-levies arise from the difference between the actual property tax levy made to cover each requisition and the actual amount requisitioned.

If the actual levy exceeds the requisition, the over-levy is accrued as a liability and property tax revenue is reduced. Where the actual levy is less than the requisition amount, the underlevy is accrued as a receivable and as property tax revenue.

Requisition tax rates in the subsequent year are adjusted for any over-levies or under-levies of the prior year.

(h) Use of estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditure during the period. Where measurement uncertainty exists, the financial statements have been prepared within reasonable limits of materiality. Actual results could differ from those estimates.

(i) Non-financial assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the normal course of operations. The change in non-financial assets during the year, together with the excess of revenues over expenses, provides the consolidated Change in Net Financial Debt for the year.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended December 31, 2012

1. Significant accounting policies, continued

(i) Tangible capital assets

Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets is amortized on a straight-line basis over the estimated useful life as follows:

	Years
Land improvements	25
Buildings	25-40
Engineered structures	5-70
Machinery and equipment	10-20
Vehicles	8-20

Amortization is charged in the year of acquisition and no amortization is charged in the year of disposal. Assets under construction are not amortized until the asset is available for productive use.

(ii) Contributions of tangible capital assets

Tangible capital assets received as contributions are recorded at fair value at the date of receipt and also are recorded as revenue.

(iii) Leases

Leases are classified as capital or operating leases. Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as capital leases. All other leases are accounted for as operating leases and the related lease payments are charged to expenses as incurred.

(iv) Inventories

Inventories held for consumption are recorded at the lower of cost and replacement cost.

(v) Cultural and historical tangible capital assets

Works of art for display are not recorded as tangible capital assets but are disclosed.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended December 31, 2012

2. Cash and temporary investments

	 2012	 2011
Cash Temporary investments	\$ 19,676,658 1,923,092	\$ 2,487,207 6,884,092
	\$ 21,599,750	\$ 9,371,299

The temporary investments are comprised of guaranteed investment certificates, term deposits, government bonds and corporate bonds with interest rates ranging between 1.10% and 5.0% and maturity dates between March 2013 and March 2022. The carrying value of the temporary investments approximates fair value.

Under its credit facility with TD Canada Trust, the Municipal District holds a line of credit to a maximum of \$500,000. The line of credit is due on demand and bears interest at the prime rate less 0.25%. As at December 31, 2012 the line of credit was undrawn.

3. Taxes and grants in place of taxes receivable

	 2012	2011
Taxes and grants in place of taxes receivable Arrears	\$ 1,368,352 \$ 443,748	1,495,973 473,806
	\$ 1,812,100 \$	1,969,779

Vacation Post employment benefits	\$	414,389 \$ 133,968	436,625 166,882
	\$	548,357 \$	603,507

Vacation

The vacation liability is comprised of the vacation that employees are deferring to future years. Employees have either earned the benefits (and are vested) or are entitled to these benefits within the next budgetary year.

Post-employment benefits

The Municipal District provides a service recognition benefit for its employees. Retiring employees over the age of 55 with over 10 years of service to the Municipal District are eligible to receive 1% of salary for each year of employment.

5. Deferred revenue

		2012	2011

2017		3,211,411		412,299	3,623,710
Thereafter		9,888,568		3,866,574	13,755,142
	\$	27,245,811	\$	6,597,498 \$	33,843,309

Debenture debt is repayable to Alberta Capital Finance Authority and is issued on the credit and security of the Municipal District of Foothills No. 31 at large. The average annual interest rate is 2.53% for 2012 (2011 - 5.91%).

The Agriculture Society and Charles Clark Medical Centre loans are considered to be operating loans.

Interest on long-term debt amounted to \$467,275 (2011 - \$310,286).

The Municipal District's total cash payments for interest in 2012 were \$457,858 (2011 - \$261,963).

7. Accumulated surplus

Accumulated surplus consists of internally restricted and unrestricted amounts and equity in tangible capital assets as follows:

11. Contributed assets

During the year, the Municipal District assumed control of roads and infrastructure in subdivisions built by developers in the area. The transaction has been recorded at the fair market value at the date of assumption and the contribution has been recognized as revenue during the year.

12. Reserves

Council has set up reserves for various purposes. These reserves are either required by legislation or set up at the discretion of Council to provide funding for future expenditures.

Public reserve

Funds in this reserve are acquired through sale of public reserve land or through cash in lieu of land payments. Under the Municipal Government Act, certain subdivisions are required to contribute land for school and recreational purposes.

Public transportation

This reserve consists of unexpended public transportation grant funds. These funds are intended to assist in the provision of transportation of seniors and disabled residents.

Fire operating

This reserve is the result of a surplus in the fire operating account. This reserve can be used at the discretion of Council to offset future deficits in the fire operations or for any other fire related purpose.

Family and Community Support Services (FCSS) reserve

This reserve is the result of unexpended grant funds that will be used at the discretion of Council under the recommendation of the FCSS board to fund future Family and Community Support Services projects.

MUNICIPAL DISTRICT OF FOOTHILLS NO. 31 NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended December 31, 2012

12. Reserves, continued

Blackie water and sewer

This reserve was transferred from the Village of Blackie and will be used to fund future water and sewer improvements in the former Village.

Cayley water system

This reserve consists of off site levies and profit from the development and sale of lots in Cayley. Funds will be used for future water supply upgrades.

Provincial 75th Anniversary grant

In 1980 the Province of Alberta gave each municipality a grant as part of the Provincial 75th anniversary celebration. Council at that time set up funds as a reserve. The funds from this grant are used to fund operations during the year and reduce the requirement for borrowing until taxes are collected. Excess funds are invested and the interest income is recorded as general revenue.

Blackie cemetery

In 2002, a donation that is to be used for improvements and maintenance at the Blackie cemetery was received from a Blackie business.

Aldersyde water system

These funds are being set aside for future upgrades as required to the Aldersyde water system.

Calgary annexation compensation

Funds in this reserve came from the compensation paid by the City of Calgary for lost revenue from land annexed into the City of Calgary in 2005. These funds will be used to fund future projects as determined by Council.

Foothills cemetery

In 2010, the M.D. of Foothills assumed responsibility for the operations of the Foothills cemetery. The reserves include provisions for future operating expenditures, future capital construction, perpetual maintenance and columbarium construction. These reserves can only be used for the Foothills cemetery upon approval of the cemetery Board.

Reserve for future expenditure:

A reserve has been set up to cover future costs on projects not completed in 2012 and to cover debenture and interest charges on projects financed through grants where all grant money has been received.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended December 31, 2012

	\$ 8,503,936 \$	6,450,283

Young Parkyn McNab up

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the year ended December 31, 2012

14. Debt limits, continued

The debt limit is calculated at 1.5 times revenue of the municipality (as defined in Alberta Regulation 255/00) and the debt service limit is calculated at 0.25 times such revenue. Incurring debt beyond these limitations requires approval by the Minister of Municipal Affairs. These thresholds are guidelines used by Alberta Municipal Affairs to identify municipalities which could be at financial risk if further debt is acquired. The calculation taken alone does not represent the financial stability of the municipality. Rather, the financial statements must be interpreted as a whole.

15. Local authorities pension plan

The Municipal District of Foothills No. 31 participates in a multi-employer defined benefit pension plan. This plan is accounted for as a defined contribution plan.

Employees of the Municipal District of Foothills No. 31 participate in the Local Authorities Pension Plan (LAPP), which is covered by the Public Sector Pension Plans Act. The Plan serves about 200,000 people and over 400 employers. It is financed by employer and employee contributions and investment earnings of the LAPP fund. Contributions for current service are recorded as expenditures in the year in which they become due.

The Municipal District of Foothills No. 31 is required to make current service contributions to the Plan of 9.91% of pensionable earnings up to the year's maximum pensionable earnings under the Canada Pension Plan and 13.74% on pensionable earnings above this amount. Employees of the Municipal District of Foothills No. 31 are required to make current service contributions of 8.91% of pensionable salary up to the year's maximum pensionable salary and 12.74% on pensionable salary above this amount.

Total current service contributions by the Municipal District of Foothills No. 31 to the Local Authorities Pension Plan in 2012 were \$698,342 (2011 - \$697,929). Total current service contributions by the employees of the Municipal District of Foothills No. 31 to the Local Authorities Pension Plan in 2011 were \$767,940 (2010 - \$631,903).

At December 31, 2011, the Plan disclosed an actuarial deficiency of \$4.639 billion.

16. Commitments and contingencies

The Municipal District of Foothills No. 31 is a member of the Alberta Municipal Insurance Exchange (MUNIX) which provides liability insurance. The investment in this program is not reflected as an asset in the accompanying financial statements.

Under the terms of membership, the Municipal District could become liable for its proportionate share of any claim losses in excess of the funds held by the exchange. Any liability incurred would be accounted for as a current transaction in the year the losses are determined.

In 2007 the Municipal District entered into an agreement with Lafarge Canada Inc. Under this agreement Lafarge Canada Inc. will have unrestricted use (subject to bans and speed limits imposed) of a designated haul road and the Municipal District will be responsible for the road's upkeep. In consideration of the cost involved to maintain the road, Lafarge Canada Inc. has agreed to pay through gravel the equivalent of \$1,300,000 or 1 million tonnes of gravel, over 25 years.

The Municipal District has entered into an operating lease for a Road Reclaimer. Quarterly lease payments are required for five years of \$24,010 each until 2016. The Municipal District's total remaining obligation under this lease is \$456,181.

The Municipal District has entered into an operating lease for a Caterpillar motor grader. Monthly lease payments are required for five years of \$5,541 each until 2013. The Municipal District's total remaining obligation under this lease is \$11,082.

The Municipal District has entered into an operating lease for a John Deere motor grader. Monthly lease payments are required for five years of \$4,401 each until 2015. The Municipal District's total remaining obligation under this lease is \$127,629.

17. Salary and benefits disclosure

Disclosure of salaries and benefits for elected municipal officials, the chief administrative officers and designated officers as required by Alberta Regulation 313/2000 is as follows:

	(1)	(2)		
		Benefits &		
	 Salary	allowances	2012	2011
Council				
Division 1	\$ 67,207	5,241 \$	72,448 \$	73,663
Division 2	71,295	5,376	76,671	71,156
Division 3	83,735	3,200	86,935	88,891
Division 4	80,401	5,507	85,908	87,509
Division 5	81,846	3,200	85,046	93,121
Division 6	84,851	5,507	90,358	94,314
Division 7	76,852	3,200	80,052	88,864
Chief Administrative Officers - 2	328,147	37,144	365,291	352,447
Designated Officers - 4	\$ 352,862 \$	•	409,556 \$	467,572

17. Salary and benefits disclosure, continued

- (1) Salary includes regular base pay, bonuses, overtime, lump sum payments, gross honoraria and any other direct cash remuneration.
- (2) Benefits and allowances include the employer's share of all employee benefits and contributions or payments made on behalf of employees including pension, health care, dental coverage, vision coverage, group life insurance, accidental disability and dismemberment insurance, long- and short-term disability plans, professional memberships, and tuition.
- (3) Benefits and allowances figures also include the employer's share of the costs of additional taxable benefits including special leave with pay, financial planning services, retirement planning services, concessionary loans, travel allowances, car allowances, and club memberships.

18. Financial instruments

The Municipal District of Foothills No. 31's financial instruments consist of cash and temporary investments, accounts receivable, investments, debt charges recoverable, accounts payable and accrued liabilities, deposit liabilities, requisition over-levy, and long-term debt. It is management's opinion that the Municipal District is not exposed to significant interest, currency or credit risk arising from these financial instruments.

The Municipal District of Foothills No. 31 is subject to credit risk with respect to taxes and grants in place of taxes receivables and trade and other receivables. Credit risk arises from the possibility that taxpayers and entities to which the Municipal District provides services may experience financial difficulty and be unable to fulfil their obligations. The large number and diversity of taxpayers and customers minimizes the credit risk.

Unless otherwise noted, the carrying value of the financial instrument approximates fair value.

19. Budget amounts

The 2012 budget for the Municipal District was approved by Council on March 22, 2012 (capital and operating) and has been reported in the consolidated financial statements for information purposes only. These budget amounts have not been audited, reviewed, or otherwise verified.

The approved budget contained reserve transfers, capital additions, proceeds on long term debt and proceeds on disposal as revenue or expenses. Since these items are not included in the amounts reported in the consolidated financial statements, they have been excluded from the budget amounts presented in these financial statements.

Budgete	d deficiency of revenue over expenses per financial statements	\$	(2,712,960)
Less:	Capital expenditures	((25,284,279)
