

RE: Request For Quotation (RFQ) Foothills Cemetery HydroVac Services

REQUEST FOR QUOTATION issued August 10, 2023

1.0 Addendum 1 Correction

1.5 Are there exceptions to posted weight restrictions on roads to access the cemetery?

~~No, there are no exceptions.~~ Weight restrictions on access routes and working roads must be adhered to at all times. Exceptions may be considered by application through Roadata Services Ltd.

2.0 Questions from Proponents

2.1 Can Hydrovac equipment park on 402 Ave W. outside of the cemetery during an HydroVac Excavation?

Yes, follow the Alberta Transportation Standards for roadside work. Equipment cannot be left on 402 Ave W. or within the cemetery overnight. Refer to the Alberta Transportation Standards.

2.2 Securing open excavation?

The open excavation must be secured by the HydroVac Services Contractor for safety purpose. This includes flagging, placing and securing a temporary cover over the open grave once the excavation has been completed.

3.0 Additional Document

3.1 Updated "Schedule of Rates for HydroVac Services" allows greater individual detail for the Traditional Section and the Highlands Section of the Cemetery rates due to physiographic differences. The template forms part of this addendum beginning on page 2.

3.2 Excavation Size Change

The new "Schedule of Rates for HydroVac Services" includes a reduction in the hydrovac excavation size for Full Size Plots from "Up to **5'x8'x6'** " to "Up to **4'x8'x6'** "
