# DEVELOPMENT PERMIT DECISION

DATE OF DECISION: February 25, 2026

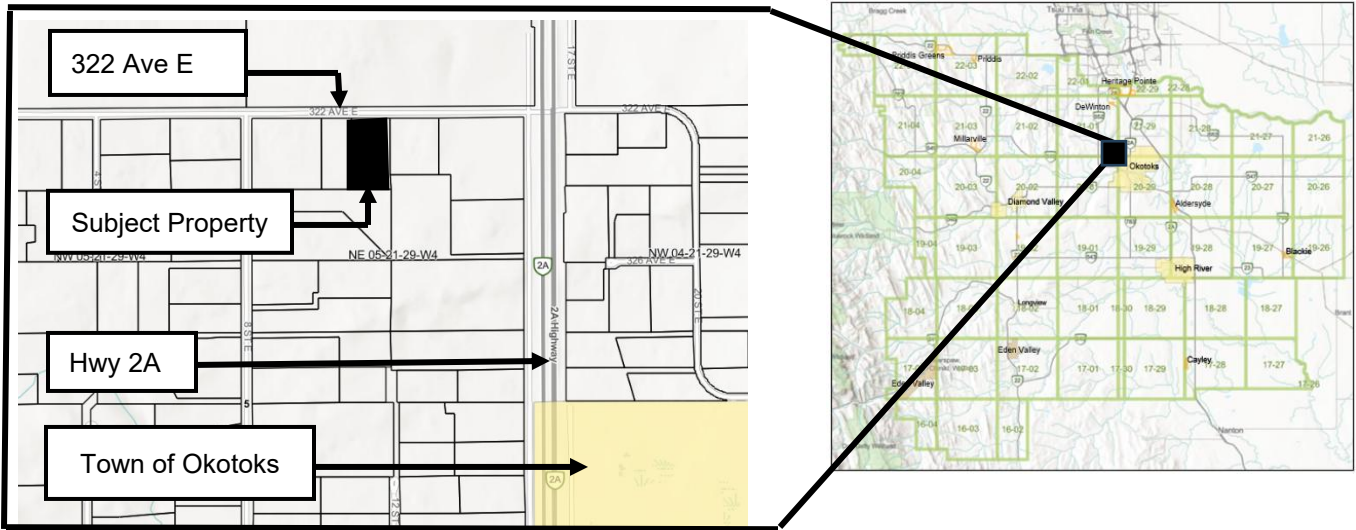

**THIS IS NOT A DEVELOPMENT PERMIT OR BUILDING PERMIT. PLEASE REFER TO THE NOTES SECTION BELOW FOR ADDITIONAL INFORMATION.**

**APPLICATION FILE NUMBER:** 25D 336  
**LANDOWNER(S)/APPLICANT(S):** BARRY & CONNIE DRAKE  
**PROPOSAL DESCRIPTION:** SEA-CAN FOR A HOME BASED BUSINESS TYPE I  
**LEGAL DESCRIPTION:** PTN. NE 5-21-29 W4M; PLAN 0716152, BLOCK 5, LOT 3

### LOCATION AND DESCRIPTION OF SUBJECT PARCEL:

The subject property is an existing 5.08 acre Country Residential District parcel, accessed from 322 Ave E, is located approximately 535 m West of Hwy 2A and approximately 700 m Northwest from the Town of Okotoks.

#### Location Map:

### INTENT OF THE DEVELOPMENT PERMIT APPLICATION:

An application for Development Permit has been submitted to allow for one existing Sea-can to remain on the subject property for a Home Based Business Type I. The application identifies that the Sea-can is approximately +/- 320 sq. ft. (29.7 sq. m.) in size. Existing large trees offer adequate screening along 322 Ave E to the North, South and East of the property. The applicant is proposing to add a fence along the west side of the Sea-can as well as adding lilac bushes to provide additional screening. The sea-can is in a location that will comply with the required setback distances as outlined within the Country Residential District of Land Use Bylaw 60/2014.

A Sea-can may be considered as an accessory building to be used for storage purposes for a Home Based Business Type 1 provided the exterior finish matches or complements the exterior finish of the principal building(s), and/or the sea-can is generally screened from view to the satisfaction of the Development Authority.

Including the Sea-can, on a property of this size, the current Land Use Bylaw 60/2014 allows for a maximum of four (4) accessory buildings with a total cumulative size not to exceed 3,500 sq. ft. (325.2 sq. m.) in area without a Development Permit. In addition, a permanent dwelling is permitted up to two private garages (attached or detached) up to a maximum of 1,200 sq. ft. (111.48 sq. m.).

A Sea-can is a Discretionary Use under the Country Residential Land Use District; therefore, the decision on this application for Development Permit is to the discretion of the Development Officer, and subject to a 21-day appeal period.

The application for a Development Permit in accordance with the provisions of Land Use Bylaw 60/2014 of Foothills County in respect of one Sea-can for business use on the subject parcel, being a portion of NE 5-21-29 W4M; Plan 0716152, Block 5, Lot 3, has been considered by the Development Officer and is **APPROVED** subject to the following.

### APPROVAL DESCRIPTION:

This approval allows for the one existing Sea-can for storage purposes for a Home Based Business Type 1 to remain on the subject parcel, as identified on the submitted site plan and as per the conditions and requirements provided for herein.

### PRE-RELEASE CONDITION(S):

Pre-release conditions must be complied with before the Development Permit will be signed and issued. Failure to complete the pre-release condition(s) on or before August 25, 2026 will see this development permit decision deemed null and void, unless a time extension is issued under agreement between the Development Authority and the Applicant(s).

1. The applicant shall complete all required screening for the Sea-can in accordance with the plans submitted as part of the application and within the time frame specified. Failure to complete the screening as required will result in the Sea-can being removed from the property.

#### **CONDITIONS OF APPROVAL:**

*The following requirements must be completed within twenty-four (24) months from the date the Development Permit is signed and issued unless a time extension is approved under agreement between the Development Authority and the Applicant(s). **Failure to complete the conditions of approval will see the Development Permit be deemed null and void.***

1. The applicant shall execute and maintain the development in accordance with all conditions of approval and plans that have been acknowledged by the municipality to be appropriate. Any revisions and/or additions to the use of this land shall not proceed unless appropriate approvals and permits have been obtained;
2. The applicant shall carry out the proposed screening plans and plant the proposed vegetation in accordance with the accepted site plan to further enhance screening for the Sea-can from adjacent lands. The existing and proposed vegetation shall be maintained in order to support visual screening from adjacent lands and roadways. Should existing vegetation on the subject property be removed or reduced in a way that no longer conceals the sea-can from adjacent lands and roadways, the landowners must replace with similar or greater material(s) in order to ensure that the same or greater visual screening of the Sea-can is maintained.
3. It is the applicant's responsibility to ensure the Sea-Can is maintained to be safe, functional and in good repair, including the preservation of the exterior finish, to ensure that the Sea-can aesthetically complements the primary structure on the subject property. Any damage must be repaired in a timely manner and the unit shall be refinished at any such time that it begins to appear unsightly from age or degradation.
4. It is the applicants' responsibility to provide written notification to the Development Authority upon completion of the development, as approved herein.
5. Approval of the Sea-can exhausts the number of permitted accessory buildings on a property of this size. As such absolutely no additional accessory buildings are permitted on the subject property without first obtaining the necessary approvals from Foothills County. This includes any structure with a roof, such as any tent, shelter, lean-to, shed, greenhouse and/or any buildings with temporary foundations.

#### **ADVISORY REQUIREMENTS:**

*The following requirements are provided by Foothills County to inform the applicant(s) and landowner(s) of their necessity. It is the responsibility and liability of the applicant(s) and landowner(s) to ensure adherence with these requirements for the life of the development.*

1. Development shall comply with the applicable Building and Fire Codes at all times. The applicants are required to obtain any necessary building, safety code permits and inspections applicable to use, to the satisfaction of the Safety Codes Officer;
2. The Sea-Can shall be used for the storage of electrical wiring materials for a Home Based Business Type I. In accordance with Section 4.2.1.60 of the Foothills County Land Use Bylaw 60/2014, the Sea-can shall not be used for the storage of any toxic, hazardous, flammable, or explosive materials under any circumstances. Any such additional use(s) will require approval under appropriate independent municipal application(s). Modifications to, or attachments/additions to the container is not permitted;
3. Should the Sea-can be removed from the subject property for greater than 60 consecutive days, the Sea-can would not be permitted to return to the subject property without receiving an updated approval.
4. Any new installation(s) of exterior lighting must adhere to the guidelines and technical specifications as outlined within the Dark Sky Bylaw;
5. Natural drainage of the property must be maintained. Alteration to natural drainage may proceed only under the authorization of an approved Development Permit for Lot Grading;
6. All structures shall be located as to adhere to Municipal setback requirements from the boundaries of the legally titled property. No variance for yard setbacks has been considered under this approval.
7. The applicant is wholly responsible for all costs of improvements, remedial works and/or maintenance during and after development of the land, and shall maintain the property in accordance with the submitted plans and recommendations in order to ensure that adverse impacts on area lands are avoided;
8. The issuance of a development permit by the County does not relieve the landowners of the responsibility of complying with all other relevant County bylaws and requirements, nor excuse violation of any provincial or federal regulation or act which may affect use of the land;
9. The applicants shall be responsible for payment of any professional costs including legal fees that may be incurred by the County with respect to the implementation of this permit;

#### **NOTES:**

1. **This is not a Building Permit.** Construction practices and standards of construction of any building or any structure authorized by the Development Permit, once signed, and issued, must be in accordance with the Building and Safety Codes Permits. An application must be made for all required Building and/or Safety Codes Permits.
2. **This is not a Development Permit.** The Development Permit may be signed and issued upon completion of the 21-day appeal period; should no appeals be received, and completion of all Pre-Release Conditions (if any). Development can not proceed until this permit has been signed and issued.
3. Notification of this Development Permit Decision will be advertised in two issues of the Western Wheel and circulated to area landowners (according to County Records at this time) within the subject quarter-section and for one-half mile surrounding the subject parcel. Development Permit Notices can also be viewed on our website, [www.foothillscountyab.ca](http://www.foothillscountyab.ca).
4. This Development Permit Decision is subject to a 21-day appeal period. Pursuant to Section 685(2) of the Municipal Government Act, a person affected by this decision has a right of appeal.
5. The Development Permit, once signed and issued, shall thereafter be null and void if the development or use is abandoned for a period of six months.
6. The conditions of this Development Permit Decision must be met and adhered to at all times. Fines and/or Enforcement action may occur if operating outside of the Development Permit Decision.

**REASON FOR APPEAL** (attach separate page(s) if required)

All appeals should contain the reasons for the appeal, including the issues in the decision or the conditions imposed in the approval that are the subject of the appeal.

## Submitting an Appeal – Subdivision Authority Decisions

Appeals of decisions on subdivision applications are covered by [sections 678 to 682 of the Municipal Government Act](#).

A decision on an application for subdivision may be appealed by the applicant, by a Government department (if that department is required to be circulated on the application) or by the School Authority (with respect to matters related to municipal reserve or school reserve lands).

Appeals must be made by filing a notice of appeal within **14 days** of receipt of the decision with either the local Subdivision and Development Appeal Board or the Land and Property Rights Tribunal. Which board is the appropriate board to hear the appeal will depend on certain factors with respect to the land involved. The Land and Property Rights Tribunal hears subdivision appeals where there is a provincial interest. Otherwise, the appeals are heard by the local SDAB.

Notice of appeal should be filed with the Land and Property Rights Tribunal when the subject property is:

- within Alberta's "Green Area"
- 'adjacent' to or contains a body of water
  - adjacent means contiguous or would be contiguous if not for a railway, road, utility right of way or reserve land
- adjacent to or contains (either partially or wholly) land identified on the Listing of Historic Resources or public land set aside for use as historic resource
- the subject of a license, permit, approval or other authorization granted by the Natural Resources Conservation Board, Energy Resources Conservation Board, Alberta Energy Regulator, Alberta Energy and Utilities Board or Alberta Utilities Commission
- the subject of a license, permit, approval or other authorization granted by the Minister of Environment and Protected Areas
- within the following distances:
  - 1600 metres of a provincial highway
  - 450 metres of a hazardous waste management facility
  - 450 metres of the working area of an operating landfill
  - 300 metres of the disposal area of any landfill
  - 300 metres of a wastewater treatment plant
  - 300 metres of the working area of a non-hazardous waste storage site

*Some of the distances may be varied in writing by a provincial government department, in which case the SDAB will hear the appeal.*

## Submitting an Appeal – Development Authority Decisions

Appeal of development authority decisions are covered by [Sections 684 to 687 of the Municipal Government Act](#).

A decision on an application for development may be appealed by the person applying for the permit or by any person affected by an order, decision or development permit made or issued by a development authority.

An order issued under a decision of Enforcement Services, being a Stop Order or Compliance Order, may be appealed by the person affected by the order.

Appeals must be made by filing a notice of appeal within **21 Days** after the date on which the written decision is given with either the local Development Appeal Board or the Land and Property Rights Tribunal. Which board is the appropriate board to hear the appeal will depend on certain factors with respect to the land involved. The Land and Property Rights Tribunal hears development appeals where there is a provincial interest. Otherwise, the appeals are heard by the local Subdivision and Development Appeal Board.

Notice of appeal should be filed with the Land and Property Rights Tribunal when the subject property is:

- The subject of a license, permit, approval or other authorization granted by the Natural Resources Conservation Board, Energy Resources Conservation Board, Alberta Energy Regulator, Alberta Energy and Utilities Board or Alberta Utilities Commission
- The subject of a license, permit, approval or other authorization granted by the Minister of Environment and Protected Areas
