Re: Proposed amendment James/van den Berg SW-21-22-2 W5

Dear Foothills County Council,

We have lived in the same community as Laura James & Frank van den Berg since they moved here nearly 15 years ago.

Laura & Frank have shared their plans to create 1 new (+/- 6 acre) lot from their home property and we do not oppose their plan. We have a great community, and any new neighbours will be welcome.

Sincerely,

Dan Mueller

Re: James/van den Berg subdivision application

Dear Foothills County Council,

We have been neighbours with Laura James & Frank van den Berg for nearly 15 years now. Their property is located to the South of our acreage.

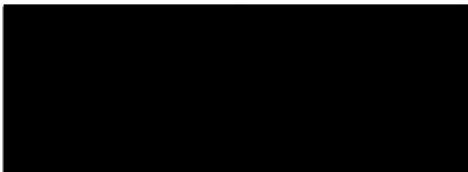

They have been very open with us regarding their eventual plans for subdivision. We have reviewed their plan to create 1 new parcel from their home property and do not oppose their plan.

The new parcel seems appropriate for this community and will have no negative effect to our lifestyle. With this letter we want to support their application and confirm that we do not have any concerns with the plan as presented.

Sincerely,

John & Teresa Hammill

Re: Proposed amendment 1 new parcel SW 21-22-2 W5 (James/van den Berg)

---

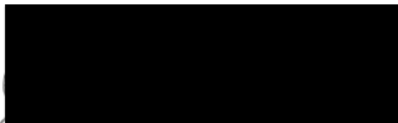

Dear Council,

We operate a business that is located directly West of the home property of Laura James & Frank van den Berg. We have a very good relationship with them as neighbours for more than 14 years.

Laura & Frank have been open with us regarding their plans to create 1 new lot as part of a subdivision application.

We have reviewed the plan which seems very reasonable for this neighbourhood, and we offer our support for their application for this new lot.

Sincerely,

Cheryl McKeivitt,

Owner/President
