Encl. – Development Authority Decision

DEVELOPMENT PERMIT DECISION

DATE OF DECISION: April 29, 2026

THIS IS NOT A DEVELOPMENT PERMIT OR BUILDING PERMIT. PLEASE REFER TO THE NOTES SECTION BELOW FOR ADDITIONAL INFORMATION.

APPLICATION FILE NUMBER: 26D058

LANDOWNER(S): Ashley N & German Jimenez Ruiz

AGENT: Bill Wee

PROPOSAL DESCRIPTION: Lot Grading on CR-A Lot

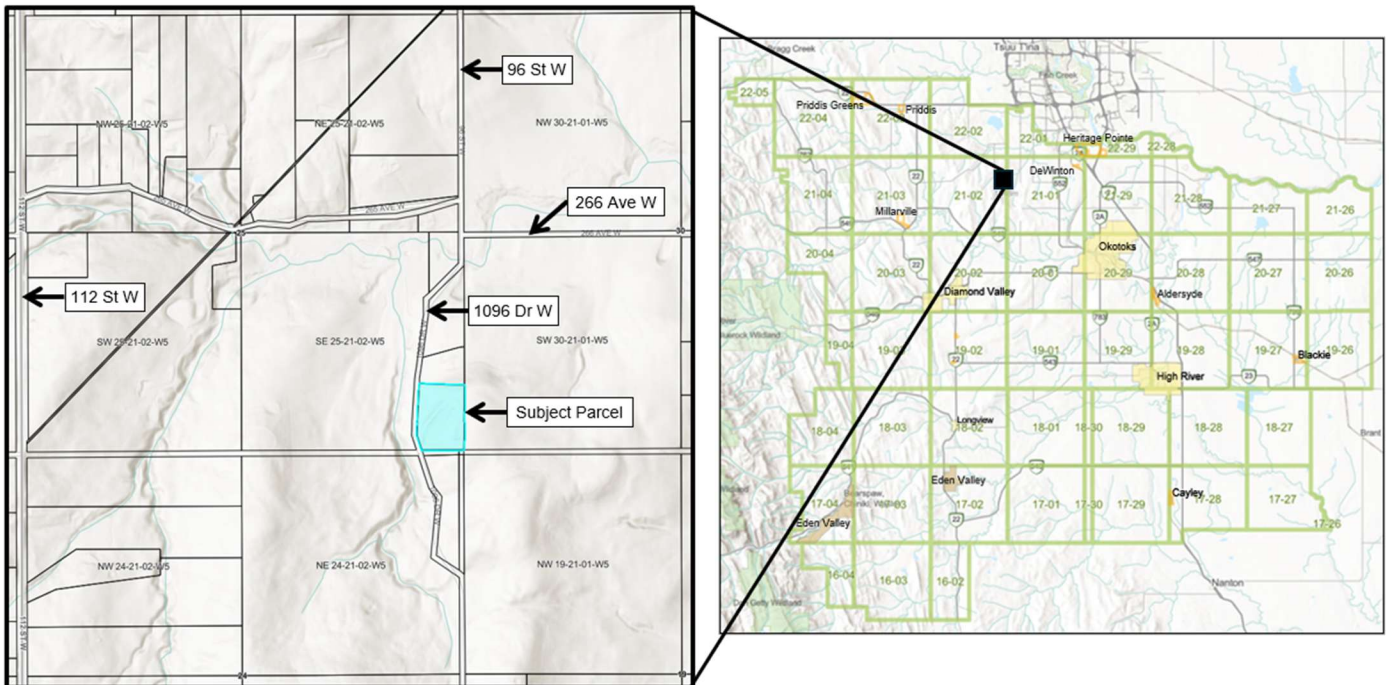

LEGAL DESCRIPTION: SE 25-21-2 W5; Plan 1812166 Blk 1 Lot 2 (the "subject parcel")

PARCEL AREA: 10.03 Acres

LAND USE DISTRICT: Country Residential Sub-district 'A' (CRA) District

LOCATION OF SUBJECT PARCEL:

The subject parcel is located adjacent to and east of 1096 Drive West, approximately 550 m south of 266 Avenue West, and approximately 1.5 km east of 112 Street West.

INTENT OF THE DEVELOPMENT PERMIT APPLICATION:

A Development Permit application has been submitted for lot grading to address existing grading on the subject property and to allow the import of clean sand for the base of a private outdoor riding arena. This Development Permit is to address the existing lot grading components, as the use of the property for a private outdoor riding arena does not require a Development Permit.

The applicant proposes to regrade the affected slopes for stability and to vegetate them to mitigate erosion, supported by a Topographic Survey dated December 19, 2025, prepared by *Absolute Surveys*, and an engineering report for slope recommendations prepared by *Englobe Corp*.

LOT GRADING means any work, operation or activity that results in a disturbance of the earth including the removal of top soil or borrow, borrow pits, berming, excavating, trenching, backfilling, filling, land leveling, re-contouring, and grading other than for building purposes. A Development Permit is required for relocating soils from lands outside of the County (Land Use Bylaw 60/2014 9.17.10).

Lot Grading is a Discretionary Use on Country Residential Sub-district A parcels; therefore, decisions on applications for Development Permit for this use are to the discretion of the Development Officer, and subject to a 21-day appeal period.

The application for a Development Permit in accordance with the provisions of Land Use Bylaw 60/2014 of Foothills County in respect of Lot Grading on a CR-A Lot, on the subject parcel has been considered by the Development Officer and is **APPROVED** subject to the following.

APPROVAL DESCRIPTION:

This approval allows for the development and use of the subject parcel for Lot Grading on a CR-A Lot in accordance with the submitted and accepted Development Permit application.

PRE-RELEASE CONDITION(S):

*Pre-release condition(s) must be complied with before the Development Permit can be signed and issued. Failure to complete the pre-release condition(s) on or before **October 29, 2026** will see this development permit*

decision deemed null and void, unless a time extension is issued under agreement between the Development Authority and the Applicant(s).

1. The applicant shall submit a compliance deposit in the amount of \$5,000.00. This deposit will be refunded at such time that the involved professional(s) provide written verification that all aspects of the noted reports and plans have been satisfied, and that the project has been completed.

CONDITIONS OF APPROVAL:

The following requirements must be completed within twenty-four (24) months from the date the Development Permit is signed and issued unless a time extension is approved under agreement between the Development Authority and the Applicant(s). Failure to complete the conditions of approval will see the Development Permit be deemed null and void.

1. The applicant shall maintain the development in accordance with all conditions of approval and plans that have been acknowledged by the municipality to be appropriate. Any revisions and/or additions to the use of this land shall not proceed unless appropriate approvals and permits have been obtained;
2. It is the landowner(s)' responsibility to ensure that all considerations and recommendations are adhered to as identified within the following accepted documents:
 - a. *Site Recommendations for Foothills Compliance*, prepared by *Marty D. Ward, P.Eng. of Englobe Corp*, dated November 27, 2025.
 - b. *Site Plan Showing Topographic Survey of Subject Property*, prepared by *M. Kent Croucher, A.L.S. of Absolute Surveys*, dated December 19, 2025.
 - c. *Geotechnical Report*, prepared by *Marty D. Ward, P.Eng. of McIntosh-Lalani Engineering Ltd.*, signed March 26, 2018.

Prior to the County acknowledging completion of the development, the applicant shall submit a review from the designated professional(s) confirming the development adheres to all comments and recommendations as provided within the accepted reports (above), to the satisfaction of the County.

3. The applicant shall provide written notification to the Development Authority upon completion of the development, as approved herein.

ADVISORY REQUIREMENTS:

The following requirements are provided by Foothills County to inform the applicant(s) and landowner(s) of their necessity. It is the responsibility and liability of the applicant(s) and landowner(s) to ensure adherence with these requirements for the life of the development.

1. All development shall be located as to adhere to Municipal setback requirements from the boundaries of the legally titled property. No variance for yard setbacks has been considered under this approval;
2. Development of the property shall at all times comply with the requirements of the Building, Plumbing, Electrical, Safety, and Fire Codes;
3. This approval is for development as has been identified within the Plans accepted by the County. Deviation from accepted Plans will require re-submission for review and acceptance by the County;
4. The applicant is wholly responsible for all costs of improvements, remedial works and/or maintenance during and after development of the land, and shall maintain the property in accordance with the submitted plans and recommendations in order to ensure that adverse impacts on area lands are avoided;
5. No changes to access to the property have been considered under this application.
6. No topsoil shall be removed from the subject parcel and natural drainage of the property must be maintained.
7. All installation(s) of exterior lighting must adhere to the guidelines and technical specifications as outlined within the Dark Sky Bylaw;
8. The issuance of a development permit by the County does not relieve the landowners of the responsibility of complying with all other relevant County bylaws and requirements, nor excuse violation of any provincial or federal regulation or act which may affect use of the land;
9. The applicants shall be responsible for payment of any professional costs including legal fees that may be incurred by the County with respect to the implementation of this permit;

NOTES:

1. **This is not a Building Permit.** Construction practices and standards of construction of any building or any structure authorized by the Development Permit, once signed and issued, must be in accordance with the Building and Safety Codes Permits. An application must be made for all required Building and/or Safety Codes Permits.
2. **This is not a Development Permit.** The Development Permit may be signed and issued upon completion of the 21-day appeal period or submission of the executed appeal notification period waiver; should no appeals be received, and completion of all Pre-Release Conditions. Development cannot proceed until this permit has been signed and issued.
3. Notification of this Development Permit Decision will be advertised in two issues of the Western Wheel and circulated to area landowners (according to County Records at this time) within the subject quarter-section and for one-half mile surrounding the subject parcel. Development Permit Notices can also be viewed on our website, www.foothillscountyab.ca.
4. This Development Permit Decision is subject to a 21-day appeal period. Pursuant to Sections 685(1) and 685(3) of the Municipal Government Act, a person affected by this decision has a right of appeal.
5. The Development Permit, once signed and issued, shall thereafter be null and void if the development or use is abandoned for a period of six months.
6. The conditions of this Development Permit Decision must be met and adhered to at all times. Fines and/or Enforcement action may occur if operating outside of the Development Permit Decision.

REASON FOR APPEAL (attach separate page(s) if required)

All appeals should contain the reasons for the appeal, including the issues in the decision or the conditions imposed in the approval that are the subject of the appeal.

TURN OVER AND COMPLETE REVERSE SIDE

Submitting an Appeal – Subdivision Authority Decisions

Appeals of decisions on subdivision applications are covered by [sections 678 to 682 of the Municipal Government Act](#).

A decision on an application for subdivision may be appealed by the applicant, by a Government department (if that department is required to be circulated on the application) or by the School Authority (with respect to matters related to municipal reserve or school reserve lands).

Appeals must be made by filing a notice of appeal within **14 days** of receipt of the decision with either the local Subdivision and Development Appeal Board or the Land and Property Rights Tribunal. Which board is the appropriate board to hear the appeal will depend on certain factors with respect to the land involved. The Land and Property Rights Tribunal hears subdivision appeals where there is a provincial interest. Otherwise, the appeals are heard by the local SDAB.

Notice of appeal should be filed with the Land and Property Rights Tribunal when the subject property is:

- within Alberta's "Green Area"
- 'adjacent' to or contains a body of water
 - adjacent means contiguous or would be contiguous if not for a railway, road, utility right of way or reserve land
- adjacent to or contains (either partially or wholly) land identified on the Listing of Historic Resources or public land set aside for use as historic resource
- the subject of a license, permit, approval or other authorization granted by the Natural Resources Conservation Board, Energy Resources Conservation Board, Alberta Energy Regulator, Alberta Energy and Utilities Board or Alberta Utilities Commission
- the subject of a license, permit, approval or other authorization granted by the Minister of Environment and Protected Areas
- within the following distances:
 - 1600 metres of a provincial highway
 - 450 metres of a hazardous waste management facility
 - 450 metres of the working area of an operating landfill
 - 300 metres of the disposal area of any landfill
 - 300 metres of a wastewater treatment plant
 - 300 metres of the working area of a non-hazardous waste storage site

Some of the distances may be varied in writing by a provincial government department, in which case the SDAB will hear the appeal.

Submitting an Appeal – Development Authority Decisions

Appeal of development authority decisions are covered by [Sections 684 to 687 of the Municipal Government Act](#).

A decision on an application for development may be appealed by the person applying for the permit or by any person affected by an order, decision or development permit made or issued by a development authority.

An order issued under a decision of Enforcement Services, being a Stop Order or Compliance Order, may be appealed by the person affected by the order.

Appeals must be made by filing a notice of appeal within **21 Days** after the date on which the written decision is given with either the local Development Appeal Board or the Land and Property Rights Tribunal. Which board is the appropriate board to hear the appeal will depend on certain factors with respect to the land involved. The Land and Property Rights Tribunal hears development appeals where there is a provincial interest. Otherwise, the appeals are heard by the local Subdivision and Development Appeal Board.

Notice of appeal should be filed with the Land and Property Rights Tribunal when the subject property is:

- The subject of a license, permit, approval or other authorization granted by the Natural Resources Conservation Board, Energy Resources Conservation Board, Alberta Energy Regulator, Alberta Energy and Utilities Board or Alberta Utilities Commission
- The subject of a license, permit, approval or other authorization granted by the Minister of Environment and Protected Areas

THE APPEAL FEE MUST ACCOMPANY THE NOTICE OF APPEAL FORM
