Encl. – Development Authority Decision

DEVELOPMENT PERMIT DECISION

DATE OF DECISION: June 24, 2026

THIS IS NOT A DEVELOPMENT PERMIT OR BUILDING PERMIT. PLEASE REFER TO THE NOTES SECTION BELOW FOR ADDITIONAL INFORMATION.

APPLICATION FILE NUMBER: 26D 128

LANDOWNERS/APPLICANTS: PATRICK & MELANIE MCGOVERN

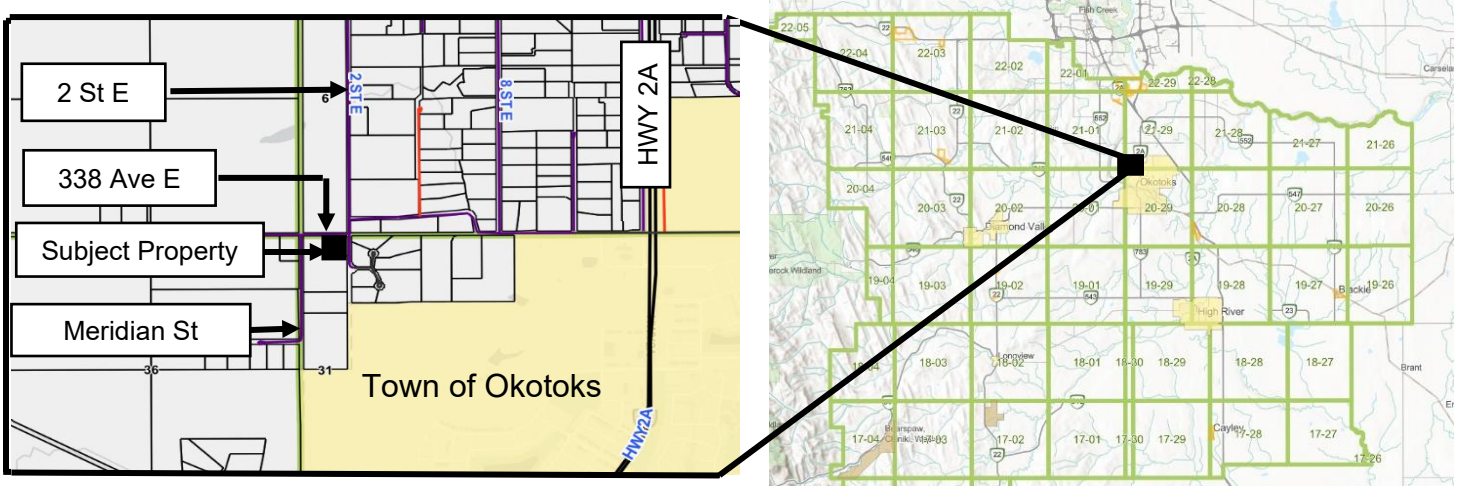

PROPOSAL DESCRIPTION: RELAXATION OF SETBACKS FOR A PROPOSED STRUCTURE

LEGAL DESCRIPTION: PTN. NE 31-20-29 W4M; PLAN 0613269, BLOCK 1, LOT 3

LOCATION AND DESCRIPTION OF SUBJECT PARCEL:

The subject property is an existing 3.5 acre Country Residential District parcel. It is accessed from 2 St E, adjacent to 338 Ave E and is approximately 285 m from the current municipal boundary for the Town of Okotoks.

Location Map:

INTENT OF THE DEVELOPMENT PERMIT APPLICATION:

An application for a Development Permit has been submitted to allow for a relaxation of setbacks for a proposed accessory building (18 m x 12.2 m) on the subject parcel. The accepted site plan shows that the location for the proposed structure would not comply with the required minimum setback distances as outlined within the County Residential District of Land Use Bylaw 60/2024.

The following will require relaxation of setback approval:

- The proposed structure (18 m x 12.2 m) is identified on the submitted site plan to be located 38.08 m from the centreline of the Municipal Road to the north being 338 Avenue East and 43.05 m from the centreline of the Municipal Road to the east being 2 Street East when the proposed structure is required to be setback 48 m to the centreline. Therefore, the landowners are seeking a 9.92 m or 20.67% relaxation from the centreline of the Municipal Road to the north and a 4.95 m or 10.31% relaxation from the centreline of the Municipal Road to the east.

Sections 5.6.4 and 5.6.5 of the Land Use Bylaw 60/2014 identify that it is within the discretion of the Development Authority to approve relaxations to a maximum of 25% on proposed structures, provided that the applicants can provide rational as to why the proposed location is the most appropriate location for the proposed structure.

Approval of the requested variances is a Discretionary Use under the Country Residential Land Use District; therefore, the decision on this application for Development Permit is to the discretion of the Development Officer, and subject to a 21-day appeal period.

The application for a Development Permit in accordance with the provisions of Land Use Bylaw 60/2014 of Foothills County in respect to a Relaxation of Setbacks for the Proposed Structure on the subject parcel being Ptn. NE 31-20-29 W4M; Plan 0613269, Block 1, Lot 3 has been considered by the Development Officer and is **APPROVED** subject to the following.

APPROVAL DESCRIPTION:

This approval allows for the development and use of Ptn. NE 31-20-29 W4M; Plan 0613269, Block 1, Lot 3, with respect to:

1. Relaxation of Setbacks for the following Proposed Structure:

The Proposed Structure (18 m x 12.2 m) is permitted to be located no closer than 38.08 m to the centreline of the Municipal Road to the north and 43.05 m to the centreline of the Municipal Road to the east, as depicted on the accepted site plan.

CONDITIONS OF APPROVAL:

The following requirements must be completed within twenty-four (24) months from the date the Development Permit is signed and issued unless a time extension is approved under agreement between the Development Authority and the Applicant(s). Failure to complete the conditions of approval will see the Development Permit be deemed null and void.

1. The applicant shall execute and maintain the development in accordance with all conditions of approval and plans that have been acknowledged by the municipality to be appropriate. **Any revisions and/or additions to the use of this land shall not proceed unless appropriate approvals and permits have been obtained.**
2. The applicant is required to obtain all necessary building and safety codes permits and inspections from Foothills County for the proposed structure, to the discretion of the County's Safety Codes Officer.
3. It is the landowners' responsibility to provide written notification to the Development Authority upon completion of the development, as approved herein.

ADVISORY REQUIREMENTS:

The following advisory requirements are provided by Foothills County as a courtesy to the applicant(s) and property owner(s). These comments will not form the basis of the decision to approve the development permit application. They are simply provided for information purposes.

1. Development shall comply with the applicable Building and Fire Codes at all times.
2. All structures on this parcel are to be used for personal use only and shall not be used in association with any business, or for the purpose of storing business-related materials, or for a secondary dwelling unit without first obtaining all necessary approvals from Foothills County;
3. No building or structure of any kind shall be constructed, placed, or permitted over or within any gas main line or gas service line right of way, and all buildings and structures shall be located a minimum distance of three (3.0) metres from any gas main line or gas service line right of way, unless otherwise approved in writing by the applicable gas utility provider.
4. No topsoil shall be removed from the subject property and natural drainage of the property must be maintained. Alterations to natural drainage may proceed only under the authorization of an issued Development Permit for Lot Grading;
5. All installation(s) of exterior lighting must adhere to the guidelines and technical specifications as outlined within the Dark Sky Bylaw;
6. The issuance of a development permit by the County does not relieve the landowner of the responsibility of complying with all other relevant County bylaws and requirements, nor excuse violation of any provincial or federal regulation of act which may affect use of the land;
7. The applicants shall be responsible for payment of any professional costs including legal fees that may be incurred by the County with respect to the implementation of this permit;

NOTES:

1. **This is not a Building Permit.** Construction practices and standards of construction of any building or any structure authorized by the Development Permit, once signed and issued, must be in accordance with the Building and Safety Codes Permits. An application must be made for all required Building and/or Safety Codes Permits.
2. **This is not a Development Permit.** The Development Permit may be signed and issued upon completion of the 21-day appeal period, should no appeals be received, and completion of all Pre-Release Conditions (if any). Development can-not proceed until this permit has been signed and issued.
3. Notification of this Development Permit Decision will be advertised in two issues of the Western Wheel and circulated to area landowners (according to County Records at this time) within the subject quarter-section and for one-half mile surrounding the subject parcel. Development Permit Notices can also be viewed on our website, **www.foothillscountyab.ca**.
4. This Development Permit Decision is subject to a 21-day appeal period. Pursuant to Section 685(2) of the Municipal Government Act, a person affected by this decision has a right of appeal.
5. The Development Permit, once signed and issued, shall thereafter be null and void if the development or use is abandoned for a period of six months.
6. The conditions of this Development Permit Decision must be met and adhered to at all times. Fines and/or Enforcement action may occur if operating outside of the Development Permit Decision.

REASON FOR APPEAL (attach separate page(s) if required)

All appeals should contain the reasons for the appeal, including the issues in the decision or the conditions imposed in the approval that are the subject of the appeal.

TURN OVER AND COMPLETE REVERSE SIDE

Submitting an Appeal – Subdivision Authority Decisions

Appeals of decisions on subdivision applications are covered by [sections 678 to 682 of the Municipal Government Act](#).

A decision on an application for subdivision may be appealed by the applicant, by a Government department (if that department is required to be circulated on the application) or by the School Authority (with respect to matters related to municipal reserve or school reserve lands).

Appeals must be made by filing a notice of appeal within **14 days** of receipt of the decision with either the local Subdivision and Development Appeal Board or the Land and Property Rights Tribunal. Which board is the appropriate board to hear the appeal will depend on certain factors with respect to the land involved. The Land and Property Rights Tribunal hears subdivision appeals where there is a provincial interest. Otherwise, the appeals are heard by the local SDAB.

Notice of appeal should be filed with the Land and Property Rights Tribunal when the subject property is:

- within Alberta's "Green Area"
- 'adjacent' to or contains a body of water
 - adjacent means contiguous or would be contiguous if not for a railway, road, utility right of way or reserve land
- adjacent to or contains (either partially or wholly) land identified on the Listing of Historic Resources or public land set aside for use as historic resource
- the subject of a license, permit, approval or other authorization granted by the Natural Resources Conservation Board, Energy Resources Conservation Board, Alberta Energy Regulator, Alberta Energy and Utilities Board or Alberta Utilities Commission
- the subject of a license, permit, approval or other authorization granted by the Minister of Environment and Protected Areas
- within the following distances:
 - 1600 metres of a provincial highway
 - 450 metres of a hazardous waste management facility
 - 450 metres of the working area of an operating landfill
 - 300 metres of the disposal area of any landfill
 - 300 metres of a wastewater treatment plant
 - 300 metres of the working area of a non-hazardous waste storage site

Some of the distances may be varied in writing by a provincial government department, in which case the SDAB will hear the appeal.

Submitting an Appeal – Development Authority Decisions

Appeal of development authority decisions are covered by [Sections 684 to 687 of the Municipal Government Act](#).

A decision on an application for development may be appealed by the person applying for the permit or by any person affected by an order, decision or development permit made or issued by a development authority.

An order issued under a decision of Enforcement Services, being a Stop Order or Compliance Order, may be appealed by the person affected by the order.

Appeals must be made by filing a notice of appeal within **21 Days** after the date on which the written decision is given with either the local Development Appeal Board or the Land and Property Rights Tribunal. Which board is the appropriate board to hear the appeal will depend on certain factors with respect to the land involved. The Land and Property Rights Tribunal hears development appeals where there is a provincial interest. Otherwise, the appeals are heard by the local Subdivision and Development Appeal Board.

Notice of appeal should be filed with the Land and Property Rights Tribunal when the subject property is:

- The subject of a license, permit, approval or other authorization granted by the Natural Resources Conservation Board, Energy Resources Conservation Board, Alberta Energy Regulator, Alberta Energy and Utilities Board or Alberta Utilities Commission
- The subject of a license, permit, approval or other authorization granted by the Minister of Environment and Protected Areas
