RE: SUBDIVISION & BOUNDARY ADJUSTMENT
LEGAL DESCRIPTION – Ptn. SW & SE 20-21-27 W4M (63.32 & 160 ACRES)

Section 8 of the Matters Related to Subdivision and Development Regulation requires the Subdivision Authority to make a decision on a subdivision application 60 days from the date an application is deemed complete, unless an agreement is entered into with the applicant to extend this period. To permit the Subdivision Authority to make a decision on your application we are requesting you to enter into the time extension agreement set out below. Without this agreement, we will be unable to deal with your application after the 60-day period has expired. This is a **standard letter** and **will not hold your application up in any way.**

If you agree with our request, please complete the agreement set out below and forward it to the above mailing address. Please note that this is a standard form sent to all landowners who apply for Subdivision.

If you have any questions or concerns regarding the information in this letter, please contact the undersigned.

To Whom It May Concern:

RE: SUBDIVISION & BOUNDARY ADJUSTMENT
LEGAL DESCRIPTION – Ptn. SW & SE 20-21-27 W4M (63.32 & 160 ACRES)

Foothills County has received an application from landowners Tyler Schenker and Willow Island Farm LTD. proposing a Subdivision for the purposes of a Boundary Adjustment, which proposes to take +/- 42 acres from Ptn. SW 20-21-27 W4M, being a 63.32 acre Agricultural District parcel to consolidate it with SE 20-21-27 W4M resulting in one +/-21.32 acre parcel in SW 20-21-27 W4M and one +/-202.0 acre parcel in SE 20-21-27 W4M. A location map for the subject parcel and a site plan are enclosed.

Under the Municipal Government Act adjacent landowners no longer have the opportunity to appeal the decision of the Subdivision Authority to the Subdivision and Development Appeal Board or Land and Property Rights Tribunal. However, as per Section 653(3)(b) of the Act, the Subdivision Authority is required to give notice of the subdivision application to adjacent landowners. According to our records you are an adjacent landowner.

The file for this application may be reviewed at the County Office in High River during regular office hours - Monday to Friday, 8:30 AM to 4:30 PM. Any adjacent landowners that have concerns or feel they are affected by the proposal can make a written submission to Council as the Subdivision Authority prior to July 12, 2026. If we do not hear from you in that time, it will be assumed that you have no objections. There will be no public hearing, only written submissions will be considered. **It is to be noted that your submission will be considered to be part of a file that can be viewed by the public at any time.**

Should you have any questions or wish to submit a letter, please do not hesitate to contact the undersigned.

Yours truly,
FOOTHILLS COUNTY

ABANDONED WELL SITES

Foothills County
309 Macleod Trail, Box 5605, High River, AB T1V 1M7. Tel: 403-652-2341 Fax: 403-652-7880

The location of oil and gas wells that are being drilled or are actively producing is evident, both from the surface and through a notation on the land title. Abandonment of an oil and gas well occurs by rendering the well incapable of flow and placing a cap over the casing approximately one meter below the surface. After surface reclamation is complete and a certificate is issued by Alberta Environment, the well site lease notation may be removed from the title. At this point, there is nothing visible on the surface or on the title to indicate the presence of an abandoned well.

Council and staff give serious consideration to information pertaining to abandoned well sites when evaluating applications for subdivision, land use amendment or redesignation, development permits, and building permits.

The Alberta government has recently introduced new requirements for developers and property owners relating to abandoned wells.

Effective November 1st 2012, subdivision and development applications must be accompanied by documentation from the Alberta Energy Regulator (AER) indicating the presence or absence of abandoned wells on-site. If abandoned wells do exist on-site, subdivision and development applications must show exactly where the wells exist, what the setback distances are (if setbacks are required) and how they have been taken into account. To assist applicants in collecting the required information, the AER has released an 'Abandoned Well Map Viewer' that provides the location, name of the licensee, and status of abandoned wells across Alberta. The viewer is available at:

https://maps.aer.ca/awm/index.html

Through use of the viewer, subdivision and development applications must now contain the following:

1. A map of the search area from the viewer and a statement that there are no wells in the project area or;
2. A list and map identifying the locations of abandoned wells within the search area, including the surface coordinates, as provided by the viewer or Information Services;
3. Written confirmation from the applicant that the licensee responsible for each well has been contacted and the exact well location confirmed;
4. A sketch of the proposed development incorporating the necessary setback area for each well;
5. If the development will result in construction activity within the setback area, a statement confirming that the abandoned wells will be temporarily marked with on-site identification to prevent contact during construction.

The AER Calgary Office can be contacted at:

ABANDONED WELL SITES

Foothills County
309 Macleod Trail, Box 5605, High River, AB T1V 1M7. Tel: 403-652-2341 Fax: 403-652-7880

The location of oil and gas wells that are being drilled or are actively producing is evident, both from the surface and through a notation on the land title. Abandonment of an oil and gas well occurs by rendering the well incapable of flow and placing a cap over the casing approximately one meter below the surface. After surface reclamation is complete and a certificate is issued by Alberta Environment, the well site lease notation may be removed from the title. At this point, there is nothing visible on the surface or on the title to indicate the presence of an abandoned well.

Council and staff give serious consideration to information pertaining to abandoned well sites when evaluating applications for subdivision, land use amendment or redesignation, development permits, and building permits.

The Alberta government has recently introduced new requirements for developers and property owners relating to abandoned wells.

Effective November 1st 2012, subdivision and development applications must be accompanied by documentation from the Alberta Energy Regulator (AER) indicating the presence or absence of abandoned wells on-site. If abandoned wells do exist on-site, subdivision and development applications must show exactly where the wells exist, what the setback distances are (if setbacks are required) and how they have been taken into account. To assist applicants in collecting the required information, the AER has released an 'Abandoned Well Map Viewer' that provides the location, name of the licensee, and status of abandoned wells across Alberta. The viewer is available at:

https://maps.aer.ca/awm/index.html

Through use of the viewer, subdivision and development applications must now contain the following:

1. A map of the search area from the viewer and a statement that there are no wells in the project area or;
2. A list and map identifying the locations of abandoned wells within the search area, including the surface coordinates, as provided by the viewer or Information Services;
3. Written confirmation from the applicant that the licensee responsible for each well has been contacted and the exact well location confirmed;
4. A sketch of the proposed development incorporating the necessary setback area for each well;
5. If the development will result in construction activity within the setback area, a statement confirming that the abandoned wells will be temporarily marked with on-site identification to prevent contact during construction.

Hello Theresa,

I would suggest that the municipalility should be named to the easements on title. The titles seem to only list the access caveat easments to the benefit of the SE and SW of 20.

In actuality the acreage in thye SW of 20 has been using the easement for access for years.

The Ne of 20 uses the access easement as well. I do not see the NE 20 listed on the caveat perhaps I missed it.

OTHER COMMENTS:

Currently the 17 metre wide panhandle on the Schenker parcel (Ptn. SW 20-21-27-W4M) serves as easement access to the Thompson parcel (SE 20-21-27-W4M) this panhandle portion also serves as easement access for the neighbor on Plan 9913211, Block 1 and for the adjacent neighbor to the north east (Dugdale) This panhandle would transfer along with additional acres from the Schenker lands to the Thompson lands to be consolidated with the Thompson quarter to the east. The existing access to the panhandle portion of the property does not appear to meet the county's approach construction standards As it does not meet 192nd Street East at a 90 degree angle it may also be required that this be widened to a common approach to provide appropriate .legal and physical access to Plan 9812213, Block 1 and the SE 20-21-27-W4M with the boundary adjustment There is also an undeveloped road allowance along the east boundary of the SE 20-21-27-W4M which although it could serve as access travels through a large wetland. Road widening may or may not be considered for this allowance

REQUESTED CONDITIONS (SHOULD BOARD OVERTURN DECISION OF COUNCIL)

NOTE: CONDITIONS PROVIDED AT REQUEST OF SDAB AND IN NO WAY PROVIDE SUPPORT FROM THE COUNTY FOR APPROVAL OF THE PROPOSED SUBDIVISION

1. Boundary adjustment and consolidation to be effected by Plan of Survey, pursuant to Section 657 of the Municipal Government Act, or such other means satisfactory to the Registrar of the South Alberta Land Titles District;
2. It is the Landowners responsibility to provide a Real Property Report or an 'as built' drawing signed and sealed by an Alberta Land Surveyor, certifying the location of the adjacent municipal road(s), approaches, septic tank and field, and water well(s) are within the boundaries of the appropriate properties and that the site plan is surveyed according to municipal setback requirements;
3. Landowners are to provide all utility easements and agreements, to the satisfaction of the County and the utility companies;
4. Road acquisition agreement, for the purpose of road dedication, to be executed and registered by caveat, concurrent with the Plan of Survey, with respect to an area of land 5.0 metres in width, parallel to the full east boundary of the SE -20-21-27-W4M (208^{TH} St. E)
5. Land acquisition agreement, for the purpose of access, to be executed and registered by caveat, concurrent with the Plan of Survey, with respect to area of land 18 metres in width over the existing panhandle within Ptn. SW 20-21-27-W4M, located north of Block 1, Plan 9913211, that is to be adjusted into SE 20-21-27-W4M;
6. All accesses are to be located, and culverts and approaches installed to current Municipal Subdivision Road Construction standards, to the satisfaction of the County's Public Works department;
7. Public Reserve: Pursuant to the Municipal and School Reserves section of the Municipal Government Act and the County's Public Reserve Policy (adopted April 18/96), reserves for the proposed 21.32 +/- acre parcel are to be deferred by caveat, reserves would not be required for the proposed 202.0 +/- acre balance parcel within the SE 20-21-27-W4M;
8. Landowners are to pay all arrears of taxes on the existing parcels prior to finalization of the subdivision;
9. Submission of subdivision endorsement fees.

Agriculture

Conserving the *agricultural land* base is very important to our economy, our environment and our way of life here in the MD of Foothills. Agricultural products are renewable resources which provide jobs and revenue. The long-term viability of agriculture depends on the land base. Due to the diversity of agricultural pursuits we can no longer define good farm land strictly by criteria such as the Canada Lands Inventory (CLI) soil capability system. We view all land as potential agricultural land and worth conserving. Agricultural lands comprise a significant portion of the natural capital in the MD, and the MD has a duty to protect this land for use by future generations.

Most of the land in the MD of Foothills is made up of working farms and ranches, many of which have been in families for generations. These families not only work as farmers, but they are also responsible for *land stewardship.* We still have intact watersheds, abundant wildlife and spectacular open vistas, all 'public goods', because of the families who have cared for their lands. The costs of supplying and maintaining these goods on private lands are left largely on the shoulders of our farmers and ranchers. The Provincial government's new Land-Use Framework recognizes this and plans to develop new policy to support stewardship and conservation on both public and private lands. The MD supports this initiative.

GOAL

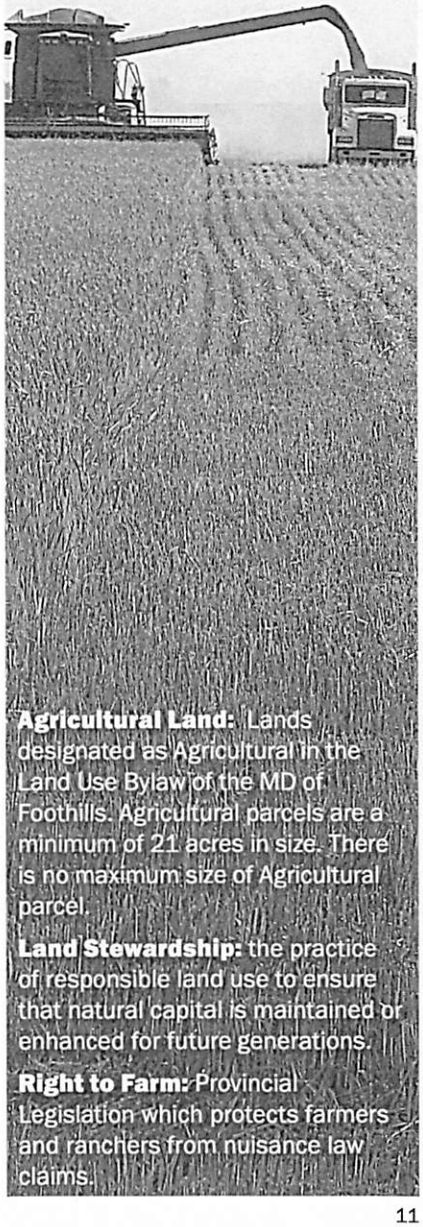

Conserve and protect the maximum amount of land in the MD as natural capital for use by the agricultural industry today and for future generations.

OBJECTIVES

1. Make the preservation of agricultural land a priority for the Municipal District of Foothills No. 31.
2. Minimize the loss of agricultural land by limiting the amount of land removed from agricultural use.
3. Foster growth, diversification and development of the agricultural industry.
4. Support existing agricultural operations and the "*right to farm*".
5. Partner with and encourage the agricultural industry to protect lands that are environmentally significant by adopting practices that promote soil and water conservation.
6. Encourage the agricultural industry to use water responsibly.

"There is too little public recognition of how much we all depend upon farmers as stewards of our soil, water and wildlife resources."

John F. Kennedy

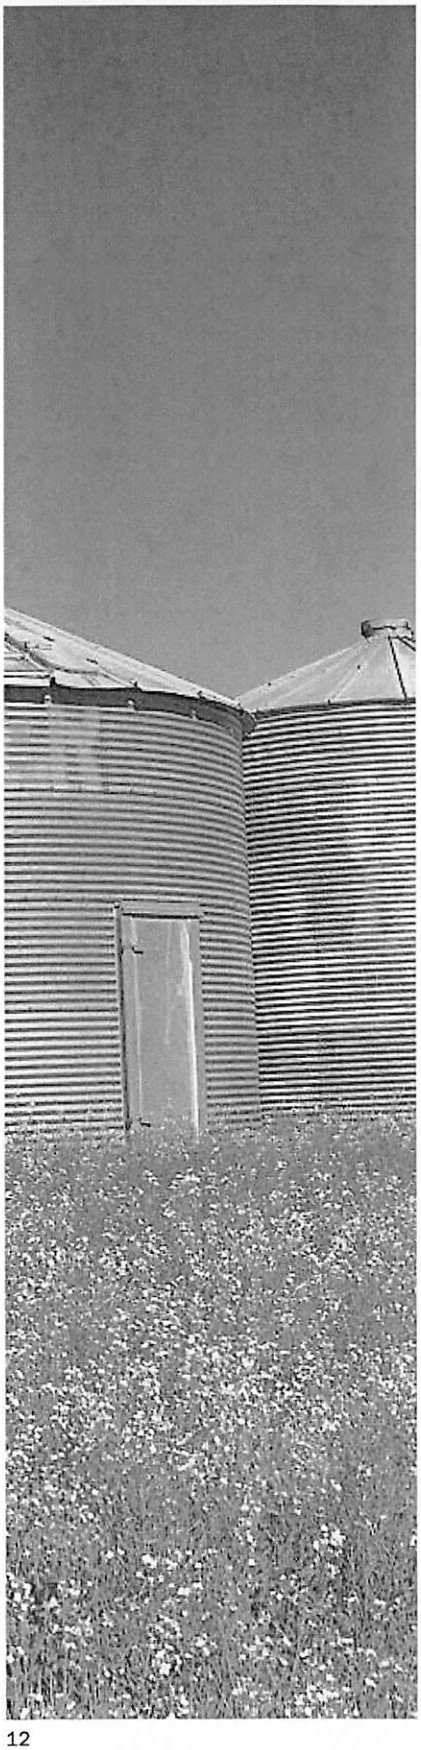

Agricultural Land: Lands designated as Agricultural in the Land Use Bylaw of the MD of Foothills. Agricultural parcels are a minimum of 21 acres in size. There is no maximum size of Agricultural parcel.

Land Stewardship: the practice of responsible land use to ensure that natural capital is maintained or enhanced for future generations.

Right to Farm: Provincial Legislation which protects farmers and ranchers from nuisance law claims.

Agriculture

POLICY

1. All lands in the MD are deemed to be agricultural lands unless zoned for other uses.
2. The MD supports maintaining the integrity of the agricultural land base and discourages the fragmentation of agricultural land, including the subdivision of land into smaller agricultural parcels.
3. Agricultural uses and industries that support agriculture should be encouraged to locate in the Municipality. Non-agricultural uses should only be permitted on lands where the MD judges the proposal to have minimal negative impacts on the agricultural resource.
4. When considering the conversion of agricultural lands to other uses the Municipality shall consider the following:
   - 4.1. Guidance and policy contained within the Municipal Development Plan and other approved plans in the Planning Hierarchy found in Appendix A of this MDP.
   - 4.2. Present or proposed use of lands in the vicinity, including that of confined feeding operations.
   - 4.3. Impact the proposed use will have on the existing or potential agricultural use of the property and properties that may be affected.
   - 4.4. Information contained within the farmland assessment records maintained by the Municipality.
   - 4.5. Response to referrals sent to Provincial government departments.
5. The subdivision of one parcel from a previously un-subdivided quarter section may be supported if the following criteria are met to the satisfaction of the Municipal District:
   - 5.1. The parcel is as small as possible while encompassing the structures, shelterbelts, well and septic fields necessary to the use, but not less than 2 acres in size and where possible, not larger than 20.99 acres.
   - 5.2. Where possible, given the other criteria in this subsection, the subdivision will be designed in a manner that respects natural capital, including but not limited to soils, vegetation, water bodies and their associated riparian areas, and views.
   - 5.3. The parcel has year round physical and legal access to a developed MD roadway.

5.4. Subdivision of the parcel does not negatively impact adjacent agricultural uses.

5.5. All provisions of the Land Use Bylaw have been met.

5.6. The parcel has been zoned to allow for the subdivision.

6. The subdivision of a fragmented parcel from a previously *un-subdivided quarter section* may be supported if the following criteria are met to the satisfaction of the Municipal District:

6.1. The parcel is the entire area of the fragment.

6.2. A suitable building site exists.

6.3. Available legal and year round physical access sufficient to meet the needs of the proposed use.

6.4. Proposed use of the parcel does not negatively impact adjacent agricultural uses.

6.5. Applicant demonstrates that the parcel can be serviced on-site as per Provincial and Municipal regulations.

6.6. The parcel has been zoned to allow for the subdivision.

7. While it should be noted that Agriculture continues to be an important use through all districts in the municipality; the Growth Management Strategy for the MD of Foothills identifies that Agriculture is the predominant land use in the East District and the South West District, and that this should remain so. Conversion of agricultural land to other uses in these areas is discouraged.

Confined Feeding Operations

8. Ensure that each *confined feeding operation (CFO)* meets the *minimum distance separation (MDS).*

9. Encourage each CFO to own the land included within the MDS.

10. Ensure that the CFO and the MDS does not fall within a minimum of:

10.1. 3.2 km (2 miles) of any urban municipality or hamlet and does not encroach into any intermunicipal development plan boundaries.

10.2. 0.8 km (1/2 mile) of a neighbouring dwelling.

11. CFOs should be located in an area where there will be minimal conflict with existing land uses and must take

Fragmented Parcel: A portion of a quarter section which is physically separated from lands within that quarter section due to roads, railway lines, natural water courses and water bodies, or other natural or man-made features.

Agriculture

into consideration future expansion areas when looking at surrounding land uses.

12. Other uses and subdivisions shall be discouraged within the MDS of an existing CFO.

13. Direct CFOs towards parcels of 160 acres or more.

REQUEST FOR SUBDIVISION APPROVAL (BOUNDARY ADJUSTMENT)	
APPLICATION INFORMATION	**FILE NO. F2127-20SW**
	LEGAL DESCRIPTIONS: 1. Ptn. SW 20-21-27-W4M 2. SE 20-21-27-W4M
	LANDOWNERS: 1. Tyler Schenker 2. Willow Island Farm Ltd. c/o Bob Thompson
	AREA OF SUBJECT LANDS: 1. 63.32 acres 2. 160 acres
	CURRENT LAND USES: 1. Agricultural District 2. Agricultural District
	PROPOSED LAND USES: 1. Agricultural District 2. Agricultural District
	MUNICIPAL ADDRESSES: 1. [redacted] 2. None
PROPOSAL: Boundary adjustment which proposes the following: 42.0 +/- acres to be subtracted from PTN: SW 20-21-27-W4M and 42.0 +/- acres to be added to SE 20-21-27-W4M.	
DIVISION NO: 7 | **COUNCILLOR:** R.D. McHugh	**FILE MANAGER:** Theresa Chipchase

PURPOSE OF REQUEST

Subdivision application for the purposes of a boundary adjustment which proposes to subtract 42.0 +/- acres from PTN: SW 20-21-27-W4M and to add 42.0 acres +/- acres to SE 20-21-27-W4M.

The boundary adjustment will result in the following changes to the existing parcel sizes:

- **Ptn. SW 20-21-27-W4M** – 63.32 acres to 21.32 +/- acres
- **SE 20-21-27-W4M** – 160 acres to 202.0 +/- acres

NOTE: Appendix B of this staff report provides supporting detail for the application

NOTE: No land use will change as a result of the proposed boundary adjustment.

EXECUTIVE SUMMARY

SUMMARY OF PROPOSAL

Location

The parcels are located directly east of 192nd Street East and directly west of an undeveloped portion of 208th Street East. Which is 1.6 kilometres north of Highway 552 East, approximately 1.0 kilometres south of the Bow River.

Access

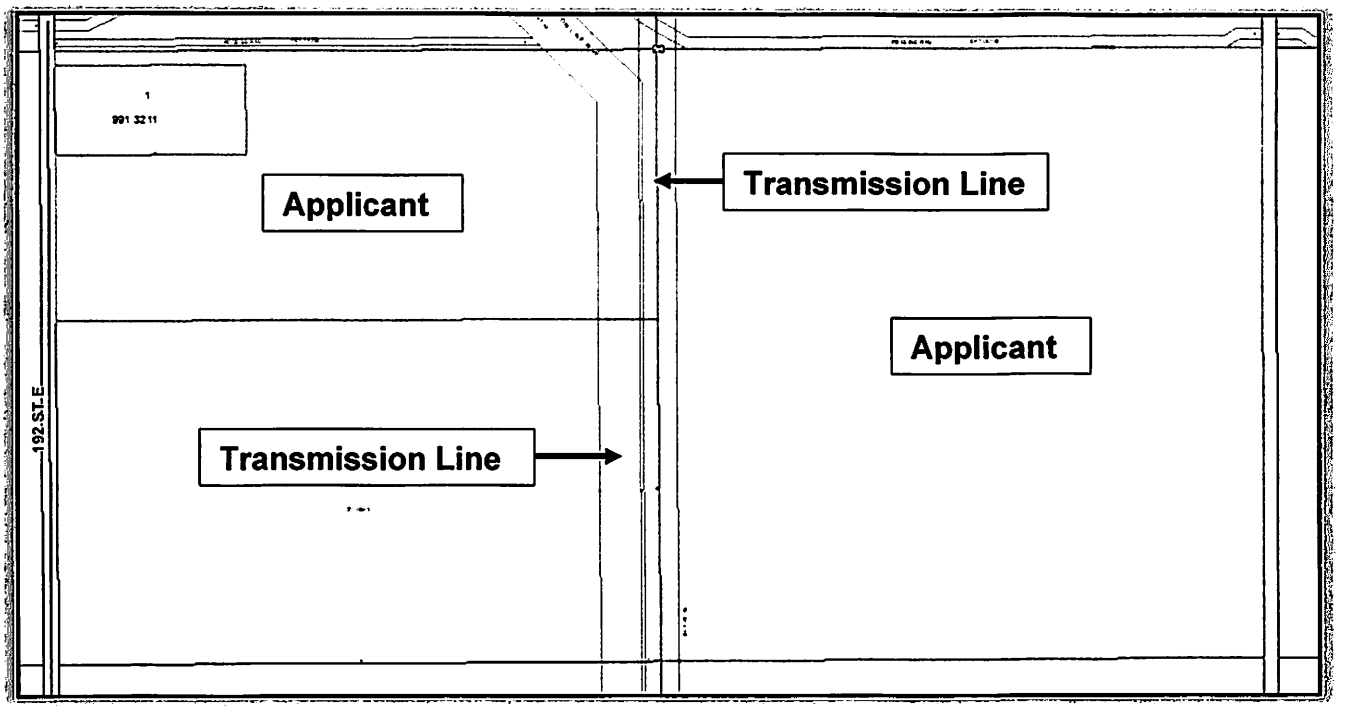

Access to the 63.32 acre parcel is obtained from an approach constructed along the east boundary of the property connecting the lands to 192nd Avenue East.

Access to the 160 acre west parcel is obtained via an easement, running west to east along the full north boundary of the 63.32 acre parcel. This 160 acre parcel also has access provided to it from an undeveloped road allowance along the east boundary, whereby there are suggestions of a driveway connecting the lands one mile south to Highway 552.

Title Registrations

The parcels include registrations for a 60 metre wide transmission line and a parallel 50 metre wide transmission line both of which are owned by Altalink. The 60 metre wide right of way runs along the east boundary of the 63.32 acre parcel with the 50 metre wide right of way straddling the east/west property line between the 63.32 acre parcel and the 160 acre parcel.

Altalink was circulated on the application with no response received prior to the submission of this staff report. The locations of the ROW's are shown on the map below in connection with the lands involved in the adjustment which are identified by the blue lines.

RESERVES

The Subdivision Approving Authority may choose to request a deferred reserve caveat be placed on the new 21.32 +/- acre parcel after the adjustment in accordance with the County's Municipal Reserve Policy, with respect to 2.132 +/- acres of public reserve to be provided upon further subdivision of the property.

EASEMENTS

931 111 094 – on both titles – county party to easement and right of way agreement, easement is for the benefit of access for the SW 20-21-27-W4M over the SE 20-21-27-W4M.

931 111 095 – on both titles – county party to easement and right of way agreement, easement is for the benefit of access for the SE 20-21-27-W4M over the SW 20-21-27-W4M.

931 132 007 – on Schenker title – county not party to easement, easement is for benefit of access for the NE 20-21-27-W4M over the SW 20-21-27-W4M.

991 369 900 – on Schenker title- county not party to easement and right of way agreement, easement is for the benefit of access for Plan 9913211, Block 1 over SW 20-21-27-W4M, and is specific to the driveway portion of the SW 20-21-27-W4M that is north of this lot.

961 235 101 – on Willow Island title – county party to easement and right of way agreement, easement is for the benefit of the NE 20-21-27-W4M over SE 20-21-27-W4M and is specific to the extreme northwest corner of the SE quarter.

See map below for the location of all easements, the applicant's parcels are outlined in blue:

SITE CONSIDERATIONS

PHYSIOGRAPHY

PTN: SW 20-21-27-W4M – lands slightly sloping to the southeast. Overland drainage runs from the north boundary southeast through the property with intermittent ponding along the south and east boundaries. The western portion of the property has been hayed, with the eastern portion of the property being cultivated and pastured. The property includes a residence, shop, barn and shed.

SE 20-21-27-W4M – lands are sloped to the north. Cropland cover throughout with ephemeral ponding throughout and a defined pond on the north boundary which has been impacted by grading and culvert installation associated with driveway construction on the adjacent lands to the north that appear to have been installed for a residence and a tree farm on these adjacent lands.

A small area of low scrub brush is located along the eastern boundary of the applicant's parcel in the northeast corner of the quarter with two areas of intermittent ponding which interrupt the undeveloped road allowance along the east boundary of the property.

SW 20-21-27-W4M - QUARTER SECTION BACKGROUND

1999 – 7.44 acre first parcel out subdivided from the quarter section

2007 – remainder of quarter subdivided roughly in half leaving a 17 meter panhandle along the north boundary of the 7.44 acre lot subdivided in 1999, in order to facilitate access over this panhandle for the SE 20-21-27-W4M and the NE 20-21-27-W4M

Public Works provides the following for Council's consideration: • Council to determine whether 5 metre wide acquisition of land is to be provided adjacent to the east boundary of the Willow Island Farms property along 208th Street East. (See condition for review highlighted below within the suggested approval motion Public Works provides the following comments with regards to access: A County standard road may be constructed, should it be required in the future, within the 208th St. E undeveloped road allowance. Council is to be advised that prior to road construction, the wetland areas would need to be addressed in accordance with all applicable Provincial requirements (AEPA). Alternatively, should Council require the existing east/west driveway (through SW 20) be further protected, to ensure access can be maintained for those currently accessing through this driveway via easement, Council may wish to consider the registration of a land acquisition agreement by caveat on the applicable title. Additionally, should a land acquisition agreement be required over the panhandle through which the driveway easements are located (adjacent to the north boundary of Block 1, Plan 9913211), Council is to be aware that this panhandle is only 18 metres in width, therefore in the future, Council would need to either accept substandard road construction within the 18 metres or additional lands would need to be acquired in order to be able to construct a County standard road.
GIS/Mapping	Of note, due to existing development at both ends of the shared driveway, any future development of the SE 20-21-27-W4M will result in address changes for the neighboring parcels.

REQUEST OF THE SUBDIVISION APPROVING AUTHORITY

OPTION #1: SUBDIVISION APPROVAL

The Subdivision Approving Authority may choose to approve the Subdivision application for the purpose of a boundary adjustment which proposes to subtract 42.0 +/- acres from PTN: SW 20-21-27-W4M and to add 42.0 acres +/- acres to SE 20-21-27-W4M. Resulting in PTN. SW 20-21-27-W4M to be reduced from 63.32 acres to 21.32 +/- acres and SE 20-21-27-W4M to be increased from 160 acres to 202.0 +/- acres.

The Subdivision has been evaluated in terms of Section 654 of the Municipal Government Act and Section 9 of the Matters Related to Subdivision and Development Regulation and therefore it is recommended that the application be approved as per the tentative plan for the following reasons:

- The application is consistent with Section 9 of the Matters Related to Subdivision and Development; and
- The subject lands have the appropriate land use designations.

In consideration of the criteria noted within the Agricultural Policy of the MDP2010, the Subdivision Authority is of the opinion that the lands are suitable for the intended use and further that the application falls within the density provisions and lot size restrictions within the County's Land Use Bylaw.

Further, in accordance with Sections 654 and 655 of the Municipal Government Act, the application be approved subject to the following conditions:

Staff respectfully requests the Subdivision Approving Authority's direction on Conditions 4 and 6 as highlighted below in grey.

1. Boundary adjustment and consolidation to be effected by Plan of Survey, pursuant to Section 657 of the Municipal Government Act, or such other means satisfactory to the Registrar of the South Alberta Land Titles District;
2. It is the Landowners responsibility to provide a Real Property Report or an 'as built' drawing signed and sealed by an Alberta Land Surveyor, certifying the location of the adjacent municipal road(s), approaches, septic tank and field, and water well(s) are within the boundaries of the appropriate properties and that the site plan is surveyed according to municipal setback requirements;
3. Landowners are to provide all utility easements and agreements, to the satisfaction of the County and the utility companies;
4. The Subdivision Approving Authority is to determine whether 5 metres of road widening is to be provided, adjacent to the east boundary of the SE 20-21-27-W4M, as per comments provided by the County's Public Works department. Should road widening be required, the following condition is recommended:

   Road acquisition agreement, for the purpose of road dedication, to be executed and registered by caveat, concurrent with the Plan of Survey, with respect to an area of land 5.0 metres in width, parallel to the full east boundary of the SE -20-21-27-W4M (208TH St. E)
5. All accesses are to be located, and culverts and approaches installed to current Municipal Subdivision Road Construction standards, to the satisfaction of the County's Public Works department;
6. The Subdivision Approving Authority may choose to require a deferred reserve caveat be registered on the new 21.32 +/- acre parcel after the adjustment, in accordance with the County's Municipal Reserve Policy. Should a deferred reserve caveat be required, the following condition is recommended:

   Public Reserve: Pursuant to the Municipal and School Reserves section of the Municipal Government Act and the County's Public Reserve Policy (adopted April 18/96), reserves for the proposed 21.32 +/- acre parcel are to be deferred by caveat, reserves would not be required for the proposed 202.0 +/- acre balance parcel within the SE 20-21-27-W4M;
7. Landowners are to pay all arrears of taxes on the existing parcels prior to finalization of the subdivision;
8. Submission of subdivision endorsement fees.

OPTION #2 – SUBDIVISION REFUSAL

The Subdivision Approving Authority may choose to refuse the Subdivision application for the purpose of a boundary adjustment which proposes to subtract 42.0 +/- acres from PTN: SW 20-21-27-W4M and to add 42.0 acres +/- acres to SE 20-21-27-W4M. Resulting in PTN. SW 20-21-27-W4M to be reduced from 63.32 acres to 21.32 +/- acres and SE 20-21-27-W4M to be increased from 160 acres to 202.0 +/- acres.

With respect to the Agricultural section of the MDP2010, the Subdivision Approving Authority did not find sufficient merit in the proposal to consider allowing the fragmentation of the subject lands, as it is the Subdivision Approving Authority's intent to maintain the existing agricultural land base.

APPENDIX B: LANDOWNERS SUPPORTING EMAIL TYLER SCHENKER SUBMISSION

Foothills County's Municipal Development Plan (MDP) states that the MD supports maintaining the integrity of the agricultural land base and discourages the fragmentation of agricultural land, including the subdivision of land into smaller agricultural parcels (MDP 2010, p 12). We would like to add the 42 acres and the 160 acres together into 1 title for Willow Island Farms which will result in 1 title of +/- 202 acres and used for agricultural production.

We feel that this amalgamation request is the opposite of fragmentation and hence should be viewed as supporting the integrity of the agricultural land base.

Included in the 42 acre boundary adjustment will be the easement off the North side of the parcel that is being amalgamated. After the boundary adjustment the North easement will no longer be part of the adjusted parcel It will be part of the +/- 202 acres Willow Islands Farm.

APPENDIX B: LANDOWNERS SUPPORTING EMAIL WILLOW ISLAND FARM LTD. SUBMISSION

Morning Theresa,

This email is a letter of support for the application for a boundary adjustment to amalgamate the 42 acres from SW 20-21-27-4 with SE 20-21-27-4.

Amalgamation will create a larger field which is beneficial for farming efficiencies and will also eliminate a fence line where moles (pocket gophers), gophers and weeds can be more of a problem to control.

We have also included the land with the access easement road as Richard Dugdale (owns NE 20-21-27-4) prefers the access easement to be registered to the same landowner on both SE 20 and SW 20-21-27-4.

We live on a farm north of Mossleigh and own farmland in both Foothills County and in Vulcan County. We have found that increasing field size improves efficiency of all farming operations.

My mother was Gail Gillanders and her grandfather Andy Gillanders homestead in the Gladys Ridge district in 1900. Descendants still farm land in the area.

I understand that both Richard Dugdale (owns NE 20-21-27-4) and Kurtis and Colleen Sanheim (owns the 7 acre parcel in the NW part of SW 20-21-27-4) have submitted consent letters and are in support of the amalgamation.

Thank you, Bob Thompson

To Whom It May Concern:

RE: Subdivision & Boundary Adjustment: Ptn SW & SE 20-21-27 W4

I am an adjacent land owner, and reside on the NE 20-21-27 W4. Access to my properties is via easement over SW and SE 20-21-27 W4. I am familiar with the subject application and have been in communication with both applicants. I am in full support of Foothills County approving this application.

I am of the opinion that the amalgamation of the 42 +/- acres into the SE 20-21-27 W4, resulting in a larger parcel, is beneficial to the preservation of farmland as it is the opposite of fragmentation. It also allows for inherent efficiencies in farming a larger contiguous parcel .

The "easement" road is my only viable means of ingress/egress to my properties. As such, I am the primary maintainer of this road and therefore logically prefer limited traffic on it. Approval of this application is beneficial to me in this regard, as Willow Island Farm (Bob Thompson), and I often coordinate our farming activities to utilize the same farm equipment at the same time and thus minimizing the ingress/egress of heavy farm equipment.

Thank you,

Richard Dugdale

Please see attached signed extension, I would also like to add a written description as requested to explain why we are looking at the boundary adjustment.

We have been asked to provide some background regarding the access to NE 20 and to SE 20. There is not a developed county road on 208 street East going north from highway 552E. The developed county road on 192 street East is used for access to SE 20 and to NE 20. Richard Dugdale has his house and buildings on NE 20. Access Easements were registered in 1993 and 1996 for access to SE 20 and to NE 20 off 192 street and then east on the approximately 50 foot wide easement/roadway running along the north boundary of SW 20. Therefore there are access easements registered on titles now. We are not requesting new or different access easements but are requesting a boundary adjustment to amalgamate 42 acres from Ptn SW 20 with 160 acres from SE 20. Therefore the access road and the access easements would be on the newly created 202 acre title (160 plus 42). Except for the access road, all of the 42 acres is farmland.

Thank you please let me know if you need anything further

2. The Easement and Right-of-Way hereinbefore granted is made with the intent that the burden of the said Easement and Right-of-Way shall run with and bind the servient tenement and will be for the sole benefit and use of the Grantee and successors in title to the dominant tenement from time to time.

3. The parties hereto agree that the Easement and Right-of-Way herein granted is subject to the following conditions, provisos and obligations:

(a) The owner of the property which is the dominant tenement will, in exercising his rights hereunder, do so in a careful and prudent manner and will cause or do as little damage and inconvenience to the owner and the occupier, if any, of the property which is the servient tenement, as is possible, and the ground upon which any excavation or work shall be undertaken in connection therewith shall be restored to its former condition.

(b) The owner from time to time of the property which is the dominant tenement will indemnify and save harmless the owner from time to time of the property which is the servient tenement in respect of this easement and right-of-way from and against all claims, damages, debts, suits, dues, actions, liabilities and causes of action, costs or sums of money whatsoever that the owner of the

servient tenement may suffer or be put to by reason of anything done by the owner of the dominant tenement in the exercise of any one or more of the rights and privileges hereby granted.

(c) The easement hereby granted shall not be extinguished in the event that title to or ownership of the dominant and servient tenements or any adjoining portion of either of them shall be vested in the same person. Further, and in any event, if any such extinguishment shall occur, and title to the dominant and servient tenements or adjoining portions thereof shall thereafter be divested from such common ownership, then and in such event the successors to and in respect of the easement and right-of-way hereby granted shall thereupon once again be entitled to the benefits thereof as created under and by virtue of this easement right-of-way.

4. This agreement and the easement hereby granted shall not be amended, varied or discharged from the titles to the dominant tenement or the servient tenement or any portion of either of them without the consent in writing of the Municipality.

5. This easement and right-of-way and the covenants herein contained are and shall be deemed to be covenants running with the land and shall be binding upon and enure to the benefit of the Grantee and the Grantee's respective successors to title only while and to the extent that such party shall be registered as owner of the dominant tenement or portion thereof from time to time.

6. Where required by the context hereunder, the singular shall include the plural and the masculine gender or neuter gender shall include either feminine gender or the masculine gender as the case may be and vice-versa. Should the Grantor or Grantee of the rights of this easement and right-of-way hereby conferred and at any time and from time to time comprise two or more persons, each such person and not one for the other or others, shall be jointly and severally bound with the other or others for the due performance of the obligations of the Grantor or Grantee of such rights.

AND WHEREAS the Grantee is the Registered Owner in fee simple of those lands and premises situate in the Province of Alberta more particularly known and described as: Meridian 4, Range 27
Township 21, Section 20, Quarter South ~~East~~ WEST
Excepting thereout all mines & minerals

(hereinafter called the "dominant tenement");

AND WHEREAS the Grantee proposes to develop a _____

on the dominant tenement;

AND WHEREAS the dominant tenement does not have legal access to an inproved municipal road or highway;

AND WHEREAS Land Use Bylaw No. 566 and amendments thereto passed by the Municipality imposes restrictions upon development of lands which do not have legal access to an improved municipal road or highway;

AND WHEREAS the Municipality has been added as a party hereto so as to ensure that the easement to be granted hereunder will remain in force for so long as the dominant tenement does not have legal access to an improved municipal road or highway;

AND WHEREAS the Grantor is desirous of granting an Easement and Right-of-Way to the Grantee, the Grantee's personal representatives, successors and assigns and their respective agents, employees, servants, invitees, licencees, and others along, through and over the servient tenement;

NOW THIS AGREEMENT WITNESSETH that in consideration of the sum of ONE ($1.00) DOLLAR, the receipt of which and the sufficiency of which is hereby acknowledged, the Grantor and the Grantee agree as follows:

1. The Grantor doth hereby grant, convey and confirm to the Grantee and the Grantee's personal representatives, successors and assigns an Easement and Right-of-Way in perpetuity or for so long as the same shall be required for the purposes hereinafter set out, along, through and over the servient tenement for the purposes of permitting the Grantee, and the Grantee's personal representatives, successors and assigns and each of their respective agents, employees, servants, invitees and licencees and all other persons authorized by the Grantee to enter

upon, over or across the servient tenement together with machinery, including farm and construction equipment and machinery, motor vehicles, livestock, domestic, exotic and all other animals, for the purpose of ingress and egress to and from the dominant tenement.

2. The Easement and Right-of-Way hereinbefore granted is made with the intent that the burden of the said Easement and Right-of-Way shall run with and bind the servient tenement and will be for the sole benefit and use of the Grantee and successors in title to the dominant tenement from time to time.

3. The parties hereto agree that the Easement and Right-of-Way herein granted is subject to the following conditions, provisos and obligations:

(a) The owner of the property which is the dominant tenement will, in exercising his rights hereunder, do so in a careful and prudent manner and will cause or do as little damage and inconvenience to the owner and the occupier, if any, of the property which is the servient tenement, as is possible, and the ground upon which any excavation or work shall be undertaken in connection therewith shall be restored to its former condition.

(b) The owner from time to time of the property which is the dominant tenement will indemnify and save harmless the owner from time to time of the property which is the servient tenement in respect of this easement and right-of-way from and against all claims, damages, debts, suits, dues, actions, liabilities and causes of action, costs or sums of money whatsoever that the owner of the

servient tenement may suffer or be put to by reason of anything done by the owner of the dominant tenement in the exercise of any one or more of the rights and privileges hereby granted.

(c) The easement hereby granted shall not be extinguished in the event that title to or ownership of the dominant and servient tenements or any adjoining portion of either of them shall be vested in the same person. Further, and in any event, if any such extinguishment shall occur, and title to the dominant and servient tenements or adjoining portions thereof shall thereafter be divested from such common ownership, then and in such event the successors to and in respect of the easement and right-of-way hereby granted shall thereupon once again be entitled to the benefits thereof as created under and by virtue of this easement right-of-way.

4. This agreement and the easement hereby granted shall not be amended, varied or discharged from the titles to the dominant tenement or the servient tenement or any portion of either of them without the consent in writing of the Municipality.

5. This easement and right-of-way and the covenants herein contained are and shall be deemed to be covenants running with the land and shall be binding upon and enure to the benefit of the Grantee and the Grantee's respective successors to title only while and to the extent that such party shall be registered as owner of the dominant tenement or portion thereof from time to time.

6. Where required by the context hereunder, the singular shall include the plural and the masculine gender or neuter gender shall include either feminine gender or the masculine gender as the case may be and vice-versa. Should the Grantor or Grantee of the rights of this easement and right-of-way hereby conferred and at any time and from time to time comprise two or more persons, each such person and not one for the other or others, shall be jointly and severally bound with the other or others for the due performance of the obligations of the Grantor or Grantee of such rights.

IN WITNESS WHEREOF the Grantor and the Grantee have hereunto affixed their respective hands and seals on the date and year first above written.

SOUTH OF THE BOW RIVER AS SHOWN ON THE
TOWNSHIP PLAN APPROVED AT OTTAWA 8 DECEMBER
1897 CONTAINING 53.4 HECTARES (132 ACRES) MORE
OR LESS
EXCEPTING THEREOUT ALL MINES AND MINERALS

(which lands are hereinafter referred to as the "dominant lands"); and

WHEREAS HAJO OTTO, of the City of Calgary, in the Province of Alberta, is the registered owner of the following lands, namely:

MERIDIAN 4 RANGE 27 TOWNSHIP 21
SECTION 20
QUARTER SOUTH WEST
EXCEPTING THEREOUT ALL MINES AND MINERALS

(which lands are hereinafter collectively referred to as the "servient lands"); and

WHEREAS to facilitate access to and from the dominant lands the owner of the dominant lands requires an easement and right-of-way over the servient lands and the owners of the servient lands have agreed to such easement and right-of-way subject to the terms hereof being complied with.

NOW, THEREFORE, pursuant to the premises, the parties hereto covenant, acknowledge and agree as follows:

1. THE OWNERS OF the servient lands do hereby grant to the owner of the dominant lands, and the occupants of the residence thereon, their agents, servants and invitees, an easement and

Easement over portion of NE 20-21-27-W4
& portion of SW 20-21-27-W4

right-of-way upon and over the servient lands for the purpose of ingress and egress to and from the dominant lands with or without vehicles.

2. THE OWNER OF the dominant lands shall use the easement and right-of-way hereby granted without disturbance to the owners of the servient lands and shall not do or cause to be done anything which might be deemed a nuisance or which may be deemed to damage or diminish the value of the servient lands in any manner whatsoever.

3. THE OWNER OF the dominant lands does hereby indemnify and save harmless the owners of the servient lands of and from any and all liability, claims, costs, damages, actions or causes of action arising out of the use of the easement and right-of-way hereby granted by the owner of the dominant lands, the occupants of the residence thereon, their agents, servants and invitees and acknowledges that the easement and right-of-way hereby granted shall apply to that portion of the servient lands which is presently used as a roadway on the north boundary of the servient lands and the owners of the dominant lands, their agents, servants and invitees shall not trespass upon or interfere with the remainder of the servient lands or the use or enjoyment thereof by the owner of the servient lands.

4. NOTHING HEREIN SHALL prevent the owners of the servient lands from constructing or making any improvements on the servient lands; provided that such construction or improvements shall not prevent or hinder the exercise of the easement and right-of-way hereby granted by the owner of the dominant lands.

5. THE EASEMENT HEREBY granted shall not be deemed an exclusive easement.

6. THE EASEMENT AND right-of-way hereby granted shall enure to the benefit of the owner of the dominant lands and shall be deemed a covenant running with the dominant lands and the servient lands and shall be binding upon the parties hereto and the successors in title to the dominant lands and the

servient lands.

7. THE EASEMENT AND right-of-way hereby granted shall be of no further effect upon the registration of a roadway plan or such other instrument which shall have the effect of giving the owner of the dominant lands alternate ingress and egress to and from the dominant lands.

8. WHEREVER THE MASCULINE or singular is used herein, the same shall be construed as meaning the feminine or neuter or plural where the context so requires.

IN WITNESS WHEREOF the parties hereto have executed these presents as of the 2nd day of June, 1993.

EASEMENT AND RIGHT-OF-WAY AGREEMENT

THIS AGREEMENT made as of the day of A.D. 199

BETWEEN:

CARMEN K. JURIC AND RONALD S. NEWLAND
(hereinafter called "the Grantors")

OF THE FIRST PART

and

MARGO LEDGERWOOD
(hereinafter called "the Grantee")

OF THE SECOND PART

WHEREAS the Grantors are the Registered Owner in fee simple of lands and premises situate in the Province of Alberta, more particularly described as:

MERIDIAN 4 RANGE 27 TOWNSHIP 21
SECTION 20
QUARTER SOUTH WEST
CONTAINING 64.7 HECTARES (160 ACRES) MORE OR LESS
EXCEPTING THEREOUT:

PLAN	NUMBER	HECTARES	(ACRES) MORE OR LESS
DESCRIPTIVE	9913211	3.01	7.44

EXCEPTING THEREOUT ALL MINES AND MINERALS

(hereinafter called "the servient tenement");

AND WHEREAS the Grantee is the Registered Owner in fee simple of those lands and premises situate in the Province of Alberta more particularly known and described as:

DESCRIPTIVE PLAN 9913211
BLOCK 1
EXCEPTING THEREOUT ALL MINES AND MINERALS
AREA: 3.01 HECTARES (7.44 ACRES) MORE OR LESS

(hereinafter called "the dominant tenement");

AND WHEREAS the Grantor has constructed a private roadway upon the Grantors' lands over that portion of the Grantors' lands as outlined in red in Schedule "A" hereto (hereinafter called "the easement lands");

AND WHEREAS the Grantee desires to use such roadway on the easement lands in order to thereby gain access to the Grantee's lands as shown on Schedule "A";

AND WHEREAS the Grantors are desirous of granting an Easement and Right-of-Way to the Grantee, the Grantee's personal representatives, successors and assigns and their respective agents, employees, servants, invitees, licencees, and others along, through and over the servient tenement:

NOW THIS AGREEMENT WITNESSETH that in consideration of the sum of One 00/100 ($1.00) dollars, the receipt of which and the sufficiency of which is hereby acknowledged, the Grantors and the Grantee agree as follows

1. The Grantors do hereby grant, convey and confirm to the Grantees and the Grantees' personal representatives, successors and assigns an Easement and Right-of-Way over the Easement Lands in perpetuity or for so long as the same shall be required for the purposes hereinafter set out, along, through and over the servient tenement for the purposes of permitting the Grantees, and the Grantees' personal representatives, successors and assigns and their and each of their respective agents, employees, servants, invitees and licencees and all other persons authorized by the Grantees to enter upon, over or across the servient tenement together with machinery, including farm and construction equipment and machinery, motor vehicles, livestock, domestic, exotic and all other animals, for the purpose of ingress and egress to and from the dominant tenement

2 The Easement and Right-of-Way hereinbefore granted is made with the intent that the burden of the said Easement and Right-of-Way shall run with and bind the servient tenement and will be for the sole benefit and use of the Grantees and successors in title to the dominant tenement from time to time

3 The parties hereto agree that the Easement and Right-of-Way herein granted is subject to the following conditions, provisos and obligations

(a) The owner of the property which is the dominant tenement will, in exercising his rights hereunder, do so in a careful and prudent manner and will cause or do as little damage and inconvenience to the owner and the occupier, if any, of the property which is the servient tenement, as is possible, and shall use its right of access so as not to cause a nuisance or affect the Grantors' quiet enjoyment of their property, and the ground upon which any excavation or work shall be undertaken in connection therewith shall be restored to its former condition

(b) The owner from time to time of the property which is the dominant tenement will indemnify and save harmless the owner from time to time of the property which is the servient tenement in respect of this easement and right-of-way from and against all claims, damages, debts, suits, dues, actions, liabilities and causes of action, costs or sums of money whatsoever that the owner of the servient tenement may suffer or be put to by reason of anything done by the owner of the dominant tenement in the exercise of any one or more of the rights and privileges hereby granted.

(c) The easement hereby granted shall not be extinguished in the event that title to or ownership of the dominant and servient tenements or any adjoining portion of either of them shall be vested in the same person Further, and in any event, if any such extinguishment shall occur, and title to the dominant and servient tenements or adjoining portions thereof shall thereafter be divested from such common ownership, then and in such event the successors to and in respect of the easement and right-of-way hereby granted shall thereupon once again be entitled to the benefits thereof as created under and by virtue of this easement and right-of-way

(d) Any damage or deterioration to the roadway or adjacent lands caused by usage of the same by the Grantees, its servants, agents or employees shall be corrected at the expense of the Grantees.

4. This easement and right-of-way and the covenants herein contained are and shall be deemed to be covenants running with the land and shall be binding upon and enure to the benefit of the Grantees and the Grantees' respective successors to title only while and to the extent that such party shall be registered as owner of the dominant tenement or portion thereof from time to time.

5. Where required by the context hereunder, the singular shall include the plural and the masculine gender or neuter gender shall include either feminine gender or the masculine gender as the case may be and vice-versa. Should the Grantor or Grantee of the rights of this easement and right-of-way hereby conferred and at any time and from time to time comprise two or more persons, each such person and not one for the other or others, shall be jointly and severally bound with the other or others for the due performance of the obligations of the Grantor or Grantee of such rights.

IN WITNESS WHEREOF the Grantors and the Grantees have hereunto affixed their respective hands and seals on the date and year first above written.
